THE SUNDRY BILL.

The Conference Report is Agreed to in the Senate.

SHORT TALK ON THE TARIFF.

The Cuban Resolution is Not a Privileged Question.

SEVERAL BRIGADIERS CREATED.

Accusers Fail to Put in Their Appearance in the Capital.

By Associated Press to The Tribune.

WASHINGTON, May 7.—Only the front rows of the galleries were occupied when the session opened today.

The final conference report on the sundry civil bill was taken up, an agreement having been made to vote at 2 P. M

The main questions involved in the conference report related to the suspension until March 1st next of President Cleveland's proclamation embracing large areas as forest reserves, making immediately available $3,9[illegible],333 for contract work on the Mississippi river, and $10,000 for the improvement of Pearl Harbor, Hawaii.

The question of forest reserves was discussed at length.

The Senators from the States affected by the forest order urged the rejection of the entire conference report and the absolute suspension of the President's order.

Cannon of Utah referred to the order as barbarous and inhuman.

Stewart of Nevada characterized it as a "disgrace to American civilization and the worst outrage of the last half century."

Pettigrew asserted that the order was the result of the ignorance of Grover Cleveland. He said that in South Dakota the area included as a part of the forest reserve contained seventeen Postoffices, 15,000 people and fifty miles of railroad. He urged that the Academy of Science, which prompted this act, should be rebuked, and he favored the defeat of the sundry civil bill rather than have the order stand.

When Allison said that this was the best arrangement that could be made with the House, Tillman ejaculated: 'Oh, they have no House over there anyway; they have one man running it."

Berry of Arkansas said that the Mississippi river item and other important features of the bill would be jeopardized by the rejection of the report.

A vote was then taken, and the final conference report was agreed to as follows:

Yeas—Aldrich, Allison, Bate, Caffery, Chandler, Cullom, Deboe, Fairbanks, Faulkner, Gear, Gray, Hanna, Hansbrough, Hawley, Kenney, Lindsay, McEnery, Morgan, Pasco, Perkins, Pettus, Platt of Connecticut, Platt of New York, Pritchard, Proctor, Gray, Spooner, Turpie, Wellington, Wetmore—32

Nays—Bacon, Butler, Cannon, Carter, Clark Clay, Davis, Foraker, Frye, Harris of Kansas, Kellfield, Jones of Arkansas, Jones of Nevada, Kyle, Millan, Mallory, Mantle, Pettigrew, Rawlins, Roach, Shoup, Stewart, Tillman, White, Wilson —23

The tariff bill was taken up at 2 o'clock and the formal consideration of the measure by paragraphs proceeded.

Vest moved an amendment to paragraph 10, so as to fix the rate on crude borax at 1½ cents and refined borax 2 cents a pound.

After a brief debate, the amendment was disagreed to without division.

The committee substitute was then agreed to, fixing borax at 5 cents per pound, borates of lime or soda, 4 cents and 3 cents, according to strength.

THE POOLING BILL.

A Report Will Soon Be Made on It in the Senate.

By Associated Press to The Tribune.

WASHINGTON, May 27.—The Senate Committee on Interstate Commerce practically agreed today upon final amendments to the Foraker pooling bill which there will be an effort to have reported at the next meeting of the committee to be held one week from today. The votes taken on amendments today leave little doubt that the committee's recommendation will be favorable to the measure when reported. The bill has been perfected and would have been reported today, but for the opposition of Senator Chandler, who is antagonistic to the pooling bill. He made a speech before the committee denouncing railroad pools as trusts.

The Cuban Resolution Not Looked on as a Privileged Question.

By Associated Press to The Tribune.

By Associated Press to The Tribune.

Mr. Depew cast the only vote which represented these shares, or $71,069,200 worth of the stock of the road. This vote showed that the bill passed by the Legislature was not necessary, as more than two-thirds of the entire stock of the road was for the issue.

BUFORD SUICIDES.

The Sad Ending of the City Solicitor of a Kentucky Town.

By Associated Press to the Tribune.

LEXINGTON, Ky., May 27.—Judge Henry Marshall Buford, city solicitor of Lexington, committed suicide by drowning in a pond near the home of Matt Simpson, this county. He was 52 years old and unmarried. He was one of the leading lawyers of Kentucky, had been judge of the Common Pleas Court, master commissioner of Fayette county, and held many other positions of trust. Through his father, Henry Buford, he was descended from the pioneers of that name. Through his mother, Elizabeth Marshall, he was related to Chief Justice Marshall and other members of that distinguished family. His mother, to whom he was greatly devoted, died about a year ago. She asked him to cremate her body and to not allow any other person to touch it. He carried out her wishes to the letter, and brought her ashes home with him from Cincinnati.

His remains will be cremated at Cincinnati today, and he requests in his will that his mother's ashes, mingled with his own, should be scattered on the blue grass pasture of his friend, Matt Simpson.

By Associated Press to The Tribune.

LINCOLN, Neb., May 27.—The Prohibition State Convention met here with delegates present from eleven counties. Permanent organization was effected by the selection of Rev. C. H. Gilmore of Auburn as chairman. The selection of J. E Crandall as chairman of the Committee on Resolutions means that any reference in the platform to financial matters will be strongly in favor of the silver and gold standard as opposed to the doctrine of Charles E. Bentley of this city, who was the presidential candidate of the Prohibitionists with silver leanings last year.

The accident happened at the foot of a seventy foot shaft, caused by the drill striking a dynamite load that had not exploded.

The Jury Disagreed.

The jury disagreed in the case of Joseph and Louise Reheiser, arrested for battering Camille Camp. The affair seems to have been a family feud. William Hynes, son of Officer Hynes, conducted the case for the defendents and it was largely through his efforts that the jury disagreed. Mrs. G. Tissott, one of the witnesses, created some excitement by breaking down and becoming hysterical on the stand and a recess had to be taken before she could be quieted. TRAINS MET AT THE STATION.

The Freight Was Running Away and the Impact, Dreadful.

WRECK OF BOTH COMPLETE.

It Is Said That the Air-Brakes Were Tampered With.

By Associated Press to The Tribune.

POCATELLO, Idaho, May 27—A head-end collision between a freight and a passenger train at American Falls, 25 miles west of here, at 1:30 o'clock caused the death, so far as known, of nine men and serious injury to eight others.

Two of the latter will die.

This is the worst wreck that has occurred on the short line in many years.

The West bound passenger on the Union Pacific was waiting for the freight at American Falls standing in front of the station building.

The freight coming east run away on the hill west of American Falls.

It is thought that the air was tampered with.

The freight was running at the rate of fifty miles an hour, and crushed into the passenger train which was already backing up, right in front of the station.

Two men were on the platform.

One was killed and the other fatally injured.

The station building was shattered.

Both engines were converted into scrap iron and 20 freight cars were piled up in a heap.

Passengers, sheep shearers and tramps were crushed to death.

Up to noon, five bodies had been taken out.

George Moore, the engineer of the freight train is seriously injured, sustaining a compound fracture.

Fireman Dick Cosgrove had a leg broken.

C. E. Heckman, the engineer of the passenger, sustained slight injuries.

He stayed with the engine until he reversed it.

The conductor and the brakeman were on the top of the freight setting the brakes and Fireman Cosgrove had climbed back to help them when the crash came.

The dead are:

C. W. SHIELDS, about 35 years, residence unknown.

D. L. THOMPSON, Dayton, Washington.

JOHN R. COOPER, Wellsville, Utah.

J. STEFFEN, Dillon, Montana.

FIVE UNKNOWN men, sheep-shearers, beating their way.

CARBAGE OR ASHES.

A Question Which Must Be Determined by the Courts.

Stephen D. Bassett, driver for the Crematory has been arrested on complaint of Frank Josephs, a grocer of North Oakland, for dumping ashes in the city limits. It has been the custom of the Crematory to dump ashes on a lot near that institution, but Josephs claims that they also dump garbage with the ashes. The arrest is an agreed case to have the court decide the nature of the matter dumped.

Attorneys Moore and Martin for the Southern Pacific Company have given notice that on June 7th, a motion will be made to dismiss the two suits brought against the company by Harry Unna and Emma and Leo Kalman, on the ground that they have now been pending in the courts for four years and the plaintiffs have failed to prosecute.

HAVEMEYER IS FREE.

The Court Instructs the Jury to Return an Acquittal.

CONDUCT NOT CONTUMACIOUS

Several Grounds on Which the Sugar King Was Discharged.

THE DEFENDANT SATISFIED.

His Case Not a Counterpart of That of Secretary Searles.

By Associated Press to the Tribune.

WASHINGTON, May 27.—Interest in the trial of Henry O. Havemeyer, president of the American Sugar Refining Company for contumacy toward the Senate Sugar Investigating Committee was greatly intensified this morning by the pending motion of the defense to instruct the jury to bring in a verdict of not guilty.

It was understood of course that if the Court should order an acquittal the case would come to an abrupt close and that the indictments against John E. Searles, secretary of the Sugar Refining Company and Edwards and Schriver would be quashed.

When the court opened, District Attorney Davis entered upon a reply to the motion of the defense to order an acquittal, which Havemeyer's council had argued yesterday.

Davis took up six propositions upon which the defense had based their motion and met them seriatim, although not in the order laid down by the defense.

Johnson replied at some length to the arguments of Davis after which the court announced a recess till 1 o'clock during which interval he was to take the motion of the defendant's counsel under advisement.

District Attorney Davis said the verdict would not affect the case of John E. Searles, secretary of the Sugar Refining Company whose trial will be proceeded with tomorrow.

Davis said that Searles had directly refused to answer questions and his case was in no way parallel with that of Havemeyer.

Havemeyer said:

"The verdict is satisfactory to me, and to every decent man in the community."

Later the court sustained the motion of defense.

The jury in accordance with the instructions of the court returned a verdict of not guilty.

The case against Havemeyer is dismissed.

(The grounds set forth in the motion of the attorney for the defense for the dismissal of the case are as follows:

First—That the question as to the local and State contributions was beyond the jurisdiction of the Senate Committee and impertinent; second, that it was not part of Mr Havemeyer's duty to examine records for the purpose of answering the questions that he could not answer from memory; third, that when books or records are demanded that such books or records are evidence; fourth, that the question put to the witness was too broad, covering irrelevant matters, fifth, that if the witness were to be held recusant it was the duty of the committee to warn him that the question is a committee, not an individual question; and, sixth, that the indictment does not disclose a cause of action.—Ed.)

THE SEELY DINNER.

By Associated Press to The Tribune.

NEW YORK, May 27.—It is likely that the persons indicted for participation in the notorious Seely dinner last January that was raided by Police Captain Chapman, will not be tried. The District Attorney, according to the Journal, has about come to the conclusion that the best interests of the community demand that the details of the dinner be allowed to remain buried instead of being brought out in court.

He has lately received numerous letters signed by prominent people, urging him, in the interest of society, to allow the indictments to remain where they are. In this class are school principals, teachers, who state that the publicity given the Seely dinner has damaged the youthful minds of the community.

THE LAST OF SNELL'S

An Auctioneer's Hammer Is Sounding Its Knell.

MEMORIES ARE OF NO VALUE.

Dr. Merritt's Mansion Again the Scene of Seeming Vandalism.

SOME STRANGE LOTS ARE SOLD.

The Popular Seminary Exists Now Only in History.

Once again the auctioneer has invaded the historic Merritt mansion at Fourteenth and Jackson. But a few years ago the dealers in second-hand furniture yelled one against the other for the privilege of buying chairs and tables with a memory at less than a tithe of their cost. Today the scene is being repeated.

The thud of the auctioneer's hammer on this occasion is the death-knell over the passing of Snell's Seminary. After the Merritt sale, the seminary moved in and was carried on till, to use the language of the principal, "it was no longer a necessity."

For eighteen years this well-known institution has been a factor in Oakland society and many children of the wealthy have laid the foundations of useful lives within its halls. In every room, is testimony of the past and doubtless every broken chair and torn volume, and the discarded dumb-bells, and the disfigured desks, and the cracked lamp globes, could all tell tales of school pranks, which are treasured now by mothers of families, could they but speak.

But all this is over and before another day is past all the books and furniture, and pictures that have fulfilled their purpose will be scattered in a hundred different houses and stores.

Several of the ladies present were conversing of these things and recalling the past in which some of them perchance took an active part, but they were aroused from their pleasant reveries by the harsh voice of the auctioneer and the harsher voice of his man.

"Now here's a complete bedroom set, worth money once, have it at your own price; two bits—there—four bits; here John throw in one of those books and all goes for—last call—four bits." And as the auctioneer spoke, John threw in "A study of the origin and development of elephantiasis" while the crowd smiled.

In this manner all the furniture that once filled dormitories and school rooms was disposed of.

In the class rooms, the blackboards were sold with the remnants of the last lesson still upon them, and the dirty sleeve of the attendant rubbed off the sacred marks so as to put on a number that would indicate who bought it. It seemed like simon pure vandalism, but the commercially minded auctioneer discovered years ago that there is no market price for sentiment, so he sold everything for the lumber that was in it.

From room to room, where once Dr. Merritt presided over merriment, swept the crowd of men and women. The pictures of the wall and the little half finished sketches that under some circumstances would be priceless, were "thrown in" to make some doubtful purchaser decide to make a bid. There were some strange lots put up. The master of ceremonies was either a wit or else, if the articles were just carelessly grouped, chance was in a funny humor. There was a parlor stove and a cruet, a couple of old Bibles and some shoe brushes, a treatise on mind cure and a collection of medicine bottles, a box containing Christmas cards was sold with a hen-coop, and one perspiring old fellow from Third street procured a framed photograph of a past graduate's class and some broken wine glasses for a dime.

Then there was some better furniture and some more valuable pictures and bric-a-brac in the reception rooms and parlors, but they had little history. It was the school that caused the name of Snell to become known all over the West, and it was the desks and the dormitories and the discarded text books that made the school. The furniture in the house might have been in any other house, but there was only one Snell's, and now it exists but in memory.

Today is the final commencement day of the old seminary, but the school itself is the only graduate. It is graduating into history.

TOY WITH OFFICERS.

Boyce's Highwayman Hold Up Another Minion of the Law.

CONSTABLE TAGGERT CAUGHT

Deprived of His Cartridges and His Gun Is Returned.

THE ROBBERS COME BACK HERE

The Police Looking for the Suspects In Various Places.

The two footpads who held up Police Officer J B Boyce and took from that gentleman a gun, must have left Oakland for a little trip through the interior after that episode, for they made their appearance in Martinez early this morning

It is evident, too, that they prefer Oakland's balmy climate, for when they left Martinez they boarded a freight train to return to this city.

These two knights of the road take These two knights of the road take of the law and they enjoy themselves in this manner by holding up Nightwatchman Fred Taggart at 3 o'clock this morning

Taggart is a fearless young fellow and is seeking the bubble reputation even in Martinez, so when he saw a couple of suspicious characters running for a train he determined to stop them. Now he wishes that he had left the men alone.

When he ordered them to stop running the men obeyed him with the docility of a pair of new-born lambs.

Walking up close to them Taggart inquired their business. He had his trusty revolver in his hand. One of the men, the "tall" one, started to reply, but before he had said three words, the "small" man, who had shifted his position around to the nightwatchman's side, caught Taggart by the wrist and the "tall" man shoved a revolver under Taggart's nose.

"Do oyu smell that?" asked the robber. "Well, you'd better be careful and make no outcry and you won't get into trouble."

Then the two footpads took Taggart's gun and handcuffs away from him, but, after taking the cartridges out of the gun they gave it back to him, with the remark that it wasn't needed They kept the handcuffs.

Taggart describes the tall man as being 5 feet 10 inches tall He had on a gray suit and light cap and wore a handkerchief around his neck. He had a small, light mustache. The other man is described as shorter and being smooth shaven.

Chief Lloyd is taking every precaution to see that the men are bagged the next time they commit a robbery here. He has notified all the street car companies to exercise every care in regard to late cars and so forth, and has detailed special men to be on the lookout for the robbers.

EXPOSITION WORK.

Annexes Will Be Constructed as Occasion Requires.

The extent of the addition to the Exposition building has not been fully decided. The size of the new annex will depend greatly on the applications for space that are received during the next few days

It was originally intended to cover all of the large lot but last year so much satisfaction was derived by visitors from the small horticultural display, that it has been decided to have the feature repeated

The decision not to charge any rent for space will doubtless add greatly to the number and size of the exhibits and the contract has been let for the construction of an annex about one-half the size of the old annex This, however, may be followed by the building of other annexes should occasion require.

Work on all the buildings to prepare them for the Exposition will be commenced next week, as the last remnant of the dog show has already been taken away.

EL PASO, Tex., May 27.—The Rio Grande river rose two inches last night. The outlook today is more ominous than ever. The river washed away a large portion of the bank protecting the headgate of the big irrigation canal last night and it seems impossible to prevent it going out altogether, letting the water rush through the Santa Fe railroad yards and the business portion of the city All the residences in the neighborhood have been vacated and families have gone to the high foothills The big levee protecting the southern portion of the city is being strengthened, but it is feared that a wind storm, so common this season, may come up and force the water over it.

The situation of Juarez, Mexico, opposite the city is even more precarious, the levee being considerably weakened by the terrible force of the current.

LOOKING FOR STARS.

Why Certain Citizens Feel They Should Become Policemen.

Some of the Applicants Who Want to Serve the People.

Harry Thomas, secretary of the Police and Fire Commissioners, will hold examinations of applicants for positions on the police force tomorrow morning About thirty applications have been received.

One of these applicants is Robert Collett, who "weighs 285 pounds without an overcoat and was born in Tennessee in 1866." He was formerly a coachman.

Charles T. Mitchell's application sets forth the fact that his father belongs to the Grand Army.

W. C. Bowker makes the statement that he has resided in Oakland for eight years "on and off."

W. W Simmons says that he has formed a favorable impression of the position, and being a married man feels the need of a permanent position.

Other applicants are: W. H. Sherrill, O. A Blansdale Charles A. Williams, Thomas Purdee, Edward Nenebarner, T. J. Flynn, C. C Hunley, R O McGorley, James T Brannan, Roy Eugene Langworthy, Thomas Heide, Ira O. Stephens, J. Leonard and Karl Eric Hanson.

MAIL BOX CHANGES.

All Collections Are Now Made About Half an Hour Earlier.

During the past few days changes have been made in the time for collecting the mail from the letter boxes. These changes have now been completed and citizens who wish to avoid disappointment will do well to look at the revised time on their nearest mail box.

In most instances the changes have placed the time about half an hour earlier than what it was originally. Postmaster White has ordered the change as part of a plan for the more perfect collection and delivery of mails. The number of collections remains the same.

Stole Lumber.

Mrs. Julia Fallmer and her 11-year-old daughter Alma were arrested in Alameda last night for stealing lumber from some new houses. Today the mother pleaded not guilty before Justice Morris and the trial was set for tomorrow.

The girl pleaded guilty and will probably be sent to Whittier.

Dr. Boyer's Sermon.

Dr. Boyer spoke last evening to a large audience at the Central Christian Church. The auditorium has been supplied with electric lights, and is a decided improvement in the lighting of the room. The subject for this evening is "The Dead-line of the Soul."

GIRARD NOT AFTER HIM.

He Denies He Will Force the Fighting Against Cuvellier.

He Simply Took Advantage of an Opening Offered in the Debate.

Councilman Girard objects to having words placed in his mouth that he did not utter. A morning paper stated that he would take the steps that would bring about a test of the question as to whether or not Councilman Cuvellier has a right to his seat and this Mr. Girard denies.

"I have said nothing of the sort," he remarked to a Tribune man this morning. 'I have no intention of instituting any proceeding against Mr. Cuvellier I am friendly to him, and all that I did was that during a debate I took advantage of an opening he afforded me."

Mr. Girard then chatted about the probable outcome of the affair and expressed his views on politics in general. "To show how inconsistent some of these people are," he said, "let me call your attention to the action of the Police and Fire Commissioners yesterday. Mayor Thomas has been saying he would not vote for anyone who was not a Republican yet he turned right around and voted for Lloyd, a rabid Populist, for Chief of Police."

There is one thing about Mr. Girard that is very noticeable. He does not hesitate to express his views no matter who is hit. His speech in the Council on Monday night showed that for his blunt, forcible style convinced everyone that he meant what he said. That he was striking home too was evidenced by the plaudits of the lobby and those who heard the debate regard his speech on the water question as one of the most forcible of the evening.

An Important Decision.

THE COURT DECIDES THAT HIRES ROOTBEER MUST NOT BE IMITATED.

It is doubtful if any modern commodity, excepting money, has been counterfeited more than Hires Rootbeer its wide popularity and immense sale having proved an irresistible attraction for the unscrupulous imitator.

Justice is beginning to realize that the public must be protected from such practices, as is evinced by the decision just rendered by Judges Finletter and Gordon in Philadelphia, Court of Common Pleas No. 3, restraining George A. Hires, a namesake of Mr Charles E. Hires, from manufacturing and selling a preparation under the name of Hires Rootbeer. In giving their decision the Judges said

"Whether this case be considered as one of infringement of a trademark or as a simulation intended and likely to deceive the public, the evidence is most conclusively with the plaintiff.

"It is established that an article of commerce known as 'Hires Rootbeer,' by a long and costly method of advertisement, has attained a trademark and value peculiar to itself. The sales have reached an extraordinary yearly volume, and the article is known to consumers and merchants by the designation of 'Hires Rootbeer,' and often and perhaps as commonly by the name of 'Hires' alone The shape and color of the cartons, as well as the general typography and substance of the printed matter thereon, and the shape of the bottles have also been peculiar to the article made by the plaintiff, and have served to give it commercial distinction and identity.

"The respondent Hires, a kinsman of the plaintiff, availing himself of the sameness of family name, is about to manufacture and place on the market for sale a root beer which in all the externals of physical preparation and presentation is so nearly an approach to the plaintiff's commodity that, but for the use of the christian or surname of the respondent Hires, it might be termed a complete reproduction of the plaintiff's preparation and device. The carton, its color, the substance of the printed matter, the bottle, the indicating designation of title, all —while slightly varying from the plaintiff's device—make up a trade commodity which, except to the sophisticated, or closely inquisitive, would be taken to be a like article to the plaintiff s.

"It is not necessary now to pass upon the question of how far a family name may be the subject of a trade mark so as to exclude from its use others who lawfully bear it. The use of the family name in the present case only increases—most potently increases—the conjoined force and effect of respondent's other devices in working the deceptive simulation.

"All cases of this character must depend upon their own facts and circumstances.

"Actual fraudulent intent can never be inferred from anything outside of the case itself.

"The testimony in the case now before us, we think, makes it indubitably clear that the respondent's purpose—their sole and only purpose—was to fabricate an article of trade which in shape, color, designation of name and general appearance resembled the plaintiff's article, and thereby deceive and mislead the public and purchasers generally.

"It is impossible to come to any other conclusion but that this was the main intent of the respondents.

"But for the fortuitous identity of family name, it is clear that the respondent would never have embarked in this proposed commercial venture, and the evidence shows that their studied purpose was to copy as close to the appearance and name of plaintiff's article as possible, and preserve similarity while yet presenting minor differences.

"We find, therefore, upon the evidence now presented, that the allegations of the plaintiff's bill are established and that the temporary injunction prayed for should be awarded.

"Therefore, let preliminary injunction be continued against George A. Hires, and issue against Joseph H. Ingersoll and Robert C. Ingersoll, and against them and any of them trading as George A. Hires and Company."

An Impressive Ceremony Which Was Witnessed by Thousands.

By Associated Press to The Tribune.

ROME, May 27.—The canonization today of Blessed Zaccario, the founder of the order of Barnabitts, and Blessed Fourier De Matalmecuer, surnamed the Apostle of Lorraine, was the most impressive ceremony witnessed in St. Peter's since the abolition of the temporal power of the Popes. The only difference between the morning's ceremonial and that which occurred under the sovereignty of the Popes was that the external gates of St. Peter's were closed, and tickets of admission to the cathedral had to be obtained. The huge basilica was thronged. It is estimated that 40,000 persons were present.

FACTS AND FANCIES.

One day, in the olden times, a Spartan happened to be in a theater at Athens, when an old man entered, but could find no seat. The Athenians jostled him from bench to bench, but the Spartan no sooner observed the old man's embarrassment than he modestly arose and offered him his own seat. The action called forth universal applause, at which the old man remarked that "the Athenians know what is right, but the Lacedoemonians practice it."

Ex-Governor Waite of Colorado always favored woman's suffrage in theory, but, in practice, he finds it to be an entirely different proposition. Interviewed on the subject the other day, he said: 'To offset the votes of the intelligent women are the votes of the ignorant women and hence it's all the same. Not one single, solitary good has come of women's votes in Colorado. Three of them were elected to the legislature and they were worse than the men!"

A country merchant visited the city a few days ago and purchased from a dollar store a table caster, which he took home with him, and after putting a tag on it marked $14, made a present of it to a Methodist preacher, whose church his family attended. The reverend gentleman took the package home, opened it and examined the contents. The next day he took the caster with the tag attached back to the groceryman and said to him: "I am too poor in this world's goods to afford to display so valuable a caster on my table, and if you have no objections, I should like to return it, and take $14 worth of groceries instead." The merchant could do nothing but acquiesce.

Whenever there is a good thing in sight here foreign capitalists invade the country to get the benefit of it. Importations of foreign goods have more than doubled since the election of McKinley. The total value of the imports in November, the month in which McKinley was elected, was $50,648,288; those of last month were $101,305,131. The April importations were the largest in the recent commercial history of the country. The object of these large importations is first, to avoid the payment of the increased duties which will come with the adoption of the Dingley bill as a law; and second to make the receipts under that law as light as possible during the first few months of its existence, and thus bring it into disrepute with the people. The average importer is a free-trader and if he can put money in his own pocket and make the protective tariff law unpopular at the same time, he can be relied upon to do so.

QUINN FOR GENERAL REVENUE COLLECTOR.

We think that it is about time the California delegation in Congress and especially those members who hail from Alameda county were doing something to recognize the wishes of the party as demonstrated by the official actions of the County Central Committee. It is true that there has been action taken in reference to one local appointment but there was another citizen of Alameda county who received the unanimous endorsement of the County Central Committee for an important position in the Federal service. The endorsement was made many weeks ago, but we have thus far failed to learn that our local Congressional delegation has done anything in the matter.

We refer to the action of the County Committee in reference to Mr. W. H. Quinn, who is an applicant for the position of Internal Revenue Collector. The Republican members of the California delegation in Congress gave it out some time ago that they would be guided in their recommendations of applicants for Federal positions almost entirely by the actions of the County Committees in the respective sections of the State from which the applicants hailed. If they meant what they said and propose to be consistent we are at a loss to account for the reason that some move has not been made in Mr. Quinn's case.

Mr. Quinn has not only received the hearty endorsement of the official local organization of the party, but also of the leading business men of California, and he is entirely deserving of all the favorable recommendations. He has been a resident of Alameda county for over a quarter of a century and during that time was the manager of the hardware firm known as the Huntington, Hopkins Company, which was the largest wholesale establishment in that line on the coast.

By strict attention to business, marked ability, unfailing impartiality and uniform courtesy Mr. Quinn gained the esteem and confidence of the solid business men and no one stands higher in the estimation of the commercial world on the Pacific Coast today than he does.

The mercantile community is fully satisfied that if Mr. Quinn is appointed Internal Revenue Collector the business of that office will be conducted with absolute fairness to all and favoritism to none and it would be a source of relief to a great many merchants, especially those engaged in the liquor business to see him there.

In this connection we have heard the remark made that the county of Alameda cannot hope to be honored by having two of its citizens selected for prominent places. We do not see why Alameda county should not receive even greater recognition. There certainly would be nothing inconsistent in it, for to Alameda county the Republican party is indebted for the placing of the State of California in the Republican column. We are of the opinion that it would be very good politics to encourage such Republicans as those who live in Alameda county to keep up their work.

There has been considerable talk about giving the position of Internal Revenue Collector to which Alameda county and Mr. Quinn are justly entitled, to a man who represents a county that failed to even keep up its record as an abiding place of Republican voters. It would certainly seem poor political policy to thus honor a section of the State for neglecting to do its duty while shutting out the banner county from the recognition which is it's just due.

There should be no serious consideration given to the proposition that because Alameda county will get the Superintendency of the Mint at San Francisco she is not entitled to anything more.

Education in Kansas City is evidently different from that of this part of the world. A young lady graduate of the High School recently answered that Patrick Henry wrote the Declaration of Independence.

To show what a cannery is worth to a small town we have been furnished some figures of large amounts of money paid out at Lincoln, this State. The Lincoln Cannery was built last year at a cost of $5,000. A little over $500 a week was paid out for labor during the season, $7,000 was paid out for fruit and $4,000 was paid for sugar. The pack of 300,000 cans of No. 1 fruit. The entire pack was sold as soon as ready and the results were so satisfactory that a very much larger stock will be put up this season. Is there no way to establish a cannery in Fullerton?—Fullerton Tribune.

VERY MALICIOUS TONGUE

Mary Flaherty Not Crazy But Libels Officers With Ease.

A Strange Character Who Is Recommended to the Police.

Mary Flaherty of Fourteenth and Cypress streets, is at the Receiving Hospital charged with insanity. A namesake of hers was committed to Napa but a few days ago, though the two are not related.

Either the present Mary is very insane, tells deliberate and well-planned lies, or some members of the police department may be called upon for an explanation.

She has frequently demanded warrants for the arrest of her neighbors, and yesterday afternoon she again went to the City Hall to have a complaint issued, as she claimed her chickens were being poisoned. In proof of her assertion she brought along a dead hen. The officers listened to her story and then sent her to the hospital charged with insanity.

There she told a tale of wrong doing which brought in the names of Officers Clark, Phillips and ex-Policeman Rogers.

She grew quite dramatic as she declared that after completely winning her affections and promising to marry her, Clark had told her never to bother him again. There were many other allegations made in this connection. The woman protested against her confinement, saying it was a job of her enemies to get her out of the way, so she would not prosecute some whom she knew were guilty of wrong actions.

Whether her story is true or not, Drs. Fearn and Fisher decided this morning that she was not crazy as charged, but in their report insinuated it might be a case for the Police Court. So it now seems as though Mary had jumped out of the frying pan into the fire.

Her husband died about four years ago. According to the widow's statement, he was an old soldier, having done service in the Indian wars.

POINTERS ON PEOPLE.

Three of the Queen's twelve bridesmaids are still alive. One is Lord Rosebery's mother, and another, the elder of the Dowager-Duchesses of Bedford, is a sister of Lord Sackville; a third is discovered in Lady Jane Bouvine, who at that time was the most beautiful of the group, and, as the daughter of the Earl of Radnor, was a notable figure in society. But she married a commoner in 1847, and has been living in cheerful obscurity ever since.

Karl Mendelssohn-Bartholdy, a son of the great composer, died recently in a German insane asylum in which he had been confined for over 20 years. It had been generally supposed that he died in 1874, and the family had never denied the report. He was the author of several excellent historical and biographical books.

Lord Brassey has been having a lively time since he became Governor of Victoria. He has been thrown from his bicycle, has run the Sunbeam twice on the rocks, and lately broken his collar bone, after landing on his head in a fall from his horse and having the horse roll over him.

Prince Moritz of Saxe-Altenburg, who is about 67 years old, enjoys the reputation of being the most utterly blase man in Europe. Although in perfect physical condition, he has been in the habit of staying in bed for weeks, simply because there was "nothing worth getting up for."

Since the death of her son, Mrs. John W. Mackay has evinced no inclination to resume her brilliant social career. Almost immediately following the death of her son came the death in Rome of her father, Colonel Hungerford. Since this latter event, she has been living at the Hotel Metropole, in Monte Carlo, in almost absolute seclusion.

Jenny Lind's daughter, Mrs. Raymond Maude of London, has much of her mother's brilliancy of voice, but has always refused to sing in public. Of her three children, none is musical.

OAKLAND THEATER.

Large audiences continue to fill the Oakland Theater nightly, attracted by the popular drama "East Lynne." Miss Beatrice Leib and Carl Smith in the two principal roles do some very clever acting, and are warmly applauded. Virginia Goodsell, who made her debut this week under the stage name of Virginia Vaughn, makes a pretty and dainty Barbara Hare. Several theater parties will be given Saturday evening out of compliment to Miss Goodsell.

The name of the National City and Otay railway has been changed to the "Lemon line", because of the countless boxes of lemons which are received for transportation.

If your child looks upon Scott's Emulsion as Cod-liver Oil and is repelled by it, begin with part of a teaspoonful in twice the quantity of water, and it will take it and relish it as though it were milk. There is no food or medicine for children of from three or four to ten or twelve years of age which equals Scott's Emulsion for putting color into the cheeks, enriching the blood and bringing comfort and good nature. Book about it free.

OLDEN TIMES REVIVED

Students of Today Revel in a Creation of Goldsmith.

A FINE NIGHT WITH THESPIS.

"She Stoops to Conquer" Is Played in an Artistic Manner.

THE HIGH SCHOOL GRADUATES.

Young Ladies and Gentlemen Who Will Receive Diplomas.

The class of May, '97, of the Oakland High School bears the honor of being more ambitious in its class day exercises than any class in the past. Not only was the class ambitious but it also possessed the energy and talent to bring its ambitions to a successful conclusion.

Class day was celebrated last evening when Oliver Goldsmith's comedy, "She Stoops to Conquer," was presented. The play had been revised and given perhaps a touch of modernness by Raymond Russ.

The stage was prettily set for the four acts, the wings being patriotically curtained by American flags. The play was produced under the management of Dion S. Burns and Miss Helen Higby. The cast of characters was as follows:

Sir Charles Marlow....Richard Harvey
Young Marlow.....Roy Yates
Hastings .....Laurence Greene
Hardcastle .....Laurence Westdahl
Tony Lumpkin .....Charles Anderson
Diggory .....Henry Mel, Jr.
Roger .....Alexander Kelly
Dick .....Newell Chamberlain
Thomas .....Winthrop Keep
Mrs. Hardcastle.....Ruth Higby
Miss Hardcastle...Elizabeth Scapham
Miss Neville .....Zena West
Dolly .....Edna Reynolds

The costumes were most elaborate. The young men wore the satin knee breeches, satin laced coats, long silk stockings and buckled shoes of the last century, while the young ladies looked very charming in quaint old-fashioned gowns and powder and patches.

The interpretation of the various roles was intelligent and interesting, the young men being especially clever actors.

Charles Anderson was blustering, rollicking Tony Lumpkins, and entered into the spirit of the play with considerable dash and spirit. Roy Yates was more than clever as young Marlow, whose bashfulness in the presence of the ladies causes his tongue to stammer and his words to be confused while he makes such brave and ardent love to a pretty little servant girl. His confusion and dismay when he first met Miss Hardcastle was capitally played, while his bravery when wooing her disguised as a servant was in excellent contrast. Lawrence Greene as Hastings, was a trifle stilted at first, but his acting improved in the later acts. Lawrence Westdahl, as Hardcastle, looked the part to perfection, his clear-cut, dark face in strong contrast to the white wig and queue made an admirable picture of the aristocratic country gentleman of a century ago. He acted his part excellently, giving a quiet, smooth interpretation. The scene in which young Marlow and Hastings take the old gentleman for an innkeeper was entered into by all three actors in an especially happy manner.

Elizabeth Scapham made a pretty and graceful Kate Hardcastle and disguised as a servant maid, she wooed her tardy lover in a dainty, guileless manner. Zora West was excellent as Miss Neville and played with considerable dash. Ruth Higby gave a careful portrayal of the character of Mrs. Hardcastle, and showed a keen appreciation of the dreariness of that lady's disposition. Edna Reynolds made a sweet and dainty Dolly and what little she had to do or say she did admirably.

The young actors and actresses were frequently and warmly applauded and showered with bouquets. The audience was large and thoroughly appreciative, the High School orchestra rendered a number of selections between acts in a creditable manner.

The young ladies who officiated as ushers were Miss Elsie Magerstaedt, Miss Minnie Newman, Miss Grace Mecker, Miss Grace Gregg, Miss Alma Pettis, Miss Fannie French, Miss Florence Champreux, Miss Agnes Petit.

DURRANT'S EFFORT.

Wants to Be Tried for the Murder of Minnie Williams.

HOPES TO PROVE INNOCENCE.

Mrs. Budd Tells What She Thinks of the Murderer's Mother.

GOVERNOR BUDD'S ACTIVITY.

His Decision May Be Reached by Saturday of This Week.

Durrants' attorneys have made their last appeal. It is that Governor Budd grant a respite so that the murderer may be tried for the killing of Minnie Williams.

A petition to this effect was presented to the Governor yesterday.

Governor Budd gave the lawyers an audience continuing over three hours. Instead of going to him, the Governor went to them. The conference began at 2 o'clock in the private office of General John H. Dickinson and was a star-chamber affair, lasting until 5 P. M.

The Governor devoted the morning to an examination of the court exhibits in the Blanche Lamont case. He called at the office of Chief of Police Lees at 9 o'clock and spent three hours looking over the clothing of the dead girl, the chisel, padlock and other articles that were presented to the jury at the trial. This morning he will leave for Sacramento and begin to prepare his decision. Possibly he will not be able to reach it until Saturday. He has still a good deal of the testimony to read. Besides he will again review the transcript filed in the Supreme Court.

No attempt is being made by Durrants' attorneys to take any advantage of the lurid tales told of cranks who as "new witnesses" have recently sprung up.

Speaking of the visit of Mrs. Durrant to her, Mrs. Budd, the Governor's mother said:

"Mrs. Durrant is a refined little woman, entirely different from what I imagined, for you know one will form opinions," said Mrs. Budd. "She controlled herself wonderfully. She did not go into tears once, but acted most bravely. I did all the crying myself. Mrs. Durrant explained to me when she came that she had not come to make a scene nor to annoy me, but wanted to talk to me as one mother to another. She knew, she said, that I being a mother would listen to her when others would not. She said that the Governor had denied her an audience. She did not blame him for not wasting to see her, because she supposed that he had concluded that she would beg, implore and weep for her son. That, she said, was far from her intention, and she demonstrated it in her conduct yesterday.

"All she desired was to save her son's life—to have the death sentence commuted to life imprisonment, or any expedient whatever that might give him a lease of life."

TONIGHT'S CONCERT.

Denis O'Sullivan Appears With the Congregational Orchestra.

Great interest centers around the concert to be given tonight by the Congregational Orchestra, this being the last for the season. The members have been working industriously to make this a great success, and in this they surely will not disappoint their friends. The orchestra is larger now than ever before, and under the able leadership of Mr. McCoy have been making great strides. The numbers to be played are light and taking and are bound to please all who are fortunate enough to attend. Denis O'Sullivan, the vocal soloist of this concert, is greatly interested in this concert, as it will be his only opportunity of entertaining his many friends on this side of the bay. He has substituted a fine old Irish air called "The Ould Plaid Shawl" for "Little Mary Cassidy," as he likes it better and thinks it is more pleasing.

Charles E. Parcells, the well known violinist and concert master of the orchestra, will render a beautiful selection on his chosen and beloved instrument.

Tickets of admission are now selling at the music stores, while a few reserved seats are to be had at M. S. Smith & Sons.

The following is the programme:

DEATH OF MISS HAM.

One of the Teachers of the Swett School Passes Away.

The funeral of the late Miss Minnie Ham was held this afternoon at the residence of Dr. Sunderland, Eighth avenue and Fifteenth street. The Rev. Chas. Hobart and the Rev. Whitaker officiated.

The deceased was formerly a teacher in the Swett school. She came from Minneapolis two years ago and has been engaged in teaching in this city since that time until three months ago, when ill health caused her to relinquish her position. Death was caused by heart disease.

Miss Ham was a member of the Tenth Avenue Baptist Church and had many warm friends among the congregation. Mrs. Sunderland and Miss Mary Ham were aunts of the deceased. A father and mother survive Miss Ham. They are residents of Washington State and the remains were forwarded there for interment.

FOREIGN TALENT.

A Michigander Aspires to Fight Oakland's Fires.

Mayor Thomas has received the following application from far-off Michigan:

"Menominee, Mich., May 22—Dear Sir: I notice by one of our fire journals that there is some talk of a change in the chief of the fire department of your city. If so and you contemplate appointing a man out of your city for the position, I desire to apply for the place. I have had abundant experience and can furnish the best of references as to my abilities as to the management of the department and as a fireman I have a position here at a fairly good salary, but am looking for something better. Hoping to hear from you, I remain respectfully,

"J. H. KRATZ,
"Chief Minominee Fire Department."

Mayor Thomas says he is contemplating sending the following telegram in reply:

"Come on at once; we need you."

But his Honor smiled as he made the remark.

CLEAN THE WALKS.

How Employment Could Be Given to Many Idle Men.

Officer Moore commenced this morning to notify property owners that the work of cleaning sidewalks must be commenced immediately or arrests will be made. Chief Lloyd says that influence and riches will protect no one. If the law is not complied with. Some time ago the Chief gave out through the press that he would prosecute violators of the ordinance, and showed that a great many of the unemployed could be given work at small expense to the property owners. Now that the city is cleaning all the gutters the Chief thinks it is all the greater reason that the walks should be cleaned. In many instances the work is being done, but there are some stubborn cases that the police do not propose to fool with longer.

PASSES AWAY.

Death removed a well known pressman yesterday, when Edmond J. Foley, assistant foreman of the Examiner press room, passed away, after a brief siege of pneumonia.

He was a very capable mechanic, and his trustworthiness won the confidence of his employers everywhere.

The deceased, who was 33 years old, leaves a 5 year old child. He was a member of San Francisco parlor, No. 49, N. S. G. W.

The funeral will be held tomorrow from the home of his mother in San Francisco.

Fought and Made Up.

Fred Struckman and his wife, Annie, had a family quarrel at their home, Third and Grove streets late last night. Being unable to settle their differences Officer Mackey was called and arrested both, each preferring a charge against the other. Reconciliation came with daylight, however, and both refused to swear to complaints. The cases were therefore stricken from the calendar.

TO THE PUBLIC.

Many people are inclined to be prejudiced against the Chinese mode of administering to the ills to which human flesh is heir. Knowing that this feeling exists, in most cases, through ignorance of the methods and remedies employed, I beg to introduce to your notice my manner of treatment and cure. Our system of medicine is based entirely upon the use of herbs and my formulas embrace over 3,000 kinds of these natural restoratives, imported direct by me. All these remedies have been in use throughout the Chinese empire for the last several thousand years and have conclusively proven their unsurpassed excellence as factors in the art of healing. In my diagnosis I locate and describe all diseases entirely by feel of the pulse, not deeming it necessary to question the patient as regards my particular manifestation or symptom. Among the many disorders which I CURE—not attempt to cure—I may mention RHEUMATISM, PILES, PARALYSIS, DYSPEPSIA, CONSUMPTION, ASTHMA, BRIGHT'S AND ALL KIDNEY DISEASES, BLINDNESS, INSANITY, HEART DISEASE, DISEASES OF THE THROAT CANCER, TUMORS, SKIN AND BLOOD DISEASES. I desire also to call attention to the fact that, owing to lack of confidence in Chinese physicians, many persons do not ask my services until all other practitioners fail. Fully 90 per cent of my extensive practice, during the past twenty years, has been composed of persons who had been given up to die by friends and by other physicians. I make a specialty of Gunshot Wounds and Fractures and Bonesetting, and no doubt many people will laugh at the assertion, yet I say that I can bring a bullet to the surface, without probing, from the most severe gunshot wound. CURE GUARANTEED. All I ask is a fair trial, feeling sure that I can convince you that I can cure any ailment. Very truly yours,

DR. WONG WOO,

BOYCE WAS CORNERED.

Had No Time to Tell Robbers That He Was an Officer.

Chief Lloyd Says There Is No Great Increase of Crime.

The many reported hold-ups and burglaries and the many that are not made public has caused the idea to become prevalent that an organized gang of miscreants has made this city its headquarters. This idea is scouted by Chief Lloyd.

"While it is true that there have been a few violations of law reported lately," said the Chief this morning, "there is nothing of any significance attached to that fact. Officer Boyce's experience sounds like a remarkable one but it is not so peculiar after all. He was come upon suddenly by two men who jumped out from behind a large advertising sign. One of them had a big gun and the other a little one and they pointed one at each side of him and told him to hand out his pistol.

"This he did and the men ran off. It is my opinion that all they wanted was Boyce's big 38-calibre gun and they got it.

"There are no more robberies now than usual but there have been several reports circulated of things that do not occur. It is a very common thing for a man to report that he was held up when he finds it convenient to account for a lack of money that should be in his possession, but an investigation quite often reveals the truth."

The detective force is at work night and day on several clues and some important arrests will likely be made shortly.

CONTRA COSTA HELPS.

Will Not Permit Diseased Cows to Cross the Border.

City Veterinarian Pierce has entered into a partnership with the Health officer of Contra Costa county for the purpose of arresting dairymen who keep diseased cows. The authorities of the northern county will pass an ordinance forbidding the bringing of cows into the county without an examination.

It has now been discovered that Curtin's dairy is not in Alameda county and that his cows never were within the jurisdiction of Inspector Pierce. This afternoon Pierce is going out to North Oakland to take samples of all the milk that is brought into the city and if any of it does not conform to the standard, arrests will follow.

GIER WANTS TO RETIRE.

His Resignation Tendered as One of the Finance Committee.

Efforts Being Made to Have the Document Taken Back.

Theodore Gier has tendered his resignation as a member of the Finance Committee of the July celebration for Oakland Day of the Christian Endeavorers. The resignation was caused by the criticism made by C. F. Baker, a member of a San Francisco Christian Endeavor Union relative to Mr. Gier serving in this capacity. The more liberal minded of the Union were in favor of having Mr. Gier on the Committee as his services were considered valuable, not only as a business man and a clever financier, but also as an affable gentleman.

A strong effort is being made to have Gier reconsider his decision. President Waters of the Oakland City Union of the Christian Endeavor, is very much incensed over the criticism and is very anxious that Gier serve on the Committee.

Mr. Gier's resignation which was filed last evening, read as follows:

"Mr. Webb N. Pearce, Secretary of Fourth of July Celebration and Oakland Endeavor Day.

"Dear Sir:—I herewith respectfully hand you my resignation as chairman and member of your Finance Committee. I am heartily in favor of making both celebrations a grand success. As my connection with the Committee has become a matter of public discussion which might tend to create an unpleasant feeling and perhaps injure the success of either or both celebrations, I ask you to accept this, my resignation.

"I have been highly honored by your Joint Committee and shall consider it my pleasure to quietly assist in the interest of success.

"Yours very respectfully,
THEODORE GIER.

PULLMAN'S UTOPIA.

The Car-Builder Receives Medals for Founding a Town.

By Associated Press to The Tribune.

CHICAGO, May 27.—George M. Pullman has received from Archduke Rainer two magnificent medals and a richly wrought diploma as testimonials of honor and merit in founding and building the most perfect town in the world.

This distinction came as the result of an exhibit in the International Hygienic and Pharmaceutical Exposition in Prague.

The Archduke was the protector of the exhibition. Pullman won against the settlements created at Krupp, the gun manufacturer. Stumm, the great maker of steel, and Baron von Ringhofer. The verdict of the jury was unanimous, finding that Pullman was without a peer in the matter of comfortable homes for workingmen, streets, sewers, water system, shops, public halls, churches, grounds and the rules and regulations governing them. The verdict included the Pullman sleeping car.

PROHIBITION REPEALED.

By Associated Press to The Tribune.

PIERRE, S. D., May 27.—Presiding Justice Corson of the Supreme Court has handed down an opinion fully sustaining the legality of the amendment repealing prohibition in this State. The matter is given even greater importance from the fact that all points involved in the case affects equally every amendment to the constitution which has been submitted by the Legislature since they had the same defects in manner of submission as did this amendment, and all of them are settled by this decision.

Gold Democrats.

By Associated Press to The Tribune.

DES MOINES, Iowa, May 27.—The Gold Standard Democratic State Committee held a conference here yesterday. All parts of the State were represented. Chairman W. C. Mullin of Cedar Rapids presided. It was decided to hold a convention in Des Moines July 7th, two weeks after the Bryan Democratic convention. The sense of the conference was that the National Democrats cannot support any endorsement of the Chicago platform.

Beware of Ointments for Catarrh That Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. CASTORIA.

An utter collapse. The man who has always been a model of business method and dignity—who would as soon think of putting his feet on the piano at home as on the desk at his office—finally goes to pieces all at once. Bankruptcy—with it has come an utter loss of ambition, dignity, and health. Ill-health is at the bottom of it all. Bankruptcy stares in the face every business man who neglects his health. A man cannot work on forever if he is suffering from brain fag, nervous exhaustion, and debility. All these can come to the man who neglects to keep his digestion perfect, his bowels regular and his blood pure.

Business men everywhere have come to recognize Dr. Pierce's Golden Medical Discovery as an invaluable remedy. It makes the digestion perfect, invigorates the liver, restores the appetite, regulates the bowels, purifies and builds up the blood, makes the flesh and muscles firm, and tones up the nerves. It is a business man's medicine

Thos. J. Torbert, Sr., of Old Springhill, Marengo Co., Ala., writes: "I want to tell you the good the 'Golden Medical Discovery' has done me. I had erysipelas and eczema. The most sensitive stomach will accept it. It is in fact a permanent cure for a weak stomach and poor digestion, all conditions of debility, lack of strength and tone. LEGAL.

ORDINANCE NO.—An Ordinance regulating the paving and the digging up or disturbance of streets and public places, for the purpose of laying pipes and conduits and the re-filling of excavations and the repair of street surfaces.

Be it ordained by the Council of the city of Oakland as follows:

SECTION I.

It shall be unlawful to pave or macadamize any public street or place prior to the construction of a main sewer therein; also all necessary side sewer branches which shall be built to the curb line. Said sewer shall be built in accordance with official plans and specifications, and under the supervision required by law, and a diagram showing the exact location of all side branches shall be kept on file in the office of the Superintendent of Streets.

SECTION II.

Upon the passage by the City Council of a Resolution of Intention to improve any public street or place by macadamizing or re-macadamizing the same or by constructing thereon a pavement of any description, it shall immediately become the duty of the Street Superintendent to notify all persons, firms or corporations, known to be exercising the right and practice of laying pipes or conduits of any description in the public streets or places, to lay all main pipes or conduits, also all lateral or service connections needed for present or future use, to the inner curb line of the street, and to repair all existing pipes in any public street or place to be so improved, within twenty (20) days from date of notice; and it shall also be the duty of the Superintendent of Streets to notify all the owners of property upon the line of the street or place to be improved to make all sewer connections needed for present or future use to the inner curb line in front of their property, within thirty (30) days from date of notice.

SECTION III.

After a Resolution of Intention has been passed by the City Council to pave, repave, macadamize or re-macadamize any public street or place, all persons, firms and corporations and property owners shall, upon notice from the Superintendent of Streets, lay all main and lateral pipes or conduits needed for present or future use, within the time specified in said notice.

SECTION IV.

After the expiration of the time stated in the notice served by the Street Superintendent, to any person, firm or corporation to lay sewer, gas and water pipes, telephone or electric wire conduits, no permits shall be granted by the Secretary of the Board of Public Works to any of said parties to lay pipes or conduits of any description, between the curb lines of any of the public streets or places which are paved, re-paved, macadamized or re-macadamized subsequent to the passage and approval of this Ordinance, unless said parties shall first deposit with the Secretary of the Board of Public Works the sum of twenty-five cents (25c) per square foot of street surface to be disturbed, which money shall be paid by said Secretary, immediately after its receipt by him, into the City Treasury, and there held as a special fund to be used for the repair of streets disturbed under the provisions of this Ordinance, and all warrants drawn by the City Auditor upon the City Treasury for such work for repairs of streets shall be drawn upon the said fund which is hereby designated as "Street Repair Fund."

A diagram showing the location and extent of the proposed excavation shall be filed with the Secretary of the Board of Public Works, by any person applying for a permit to disturb any street or place within the provisions of this section (4) of this Ordinance.

SECTION V.

All excavations in streets now or hereafter improved with bituminous rock, asphalt, wood blocks or vitrified brick laid on concrete foundation, shall be re-filled with special care with a view to prevent settlement of the back filling, and the excavation shall be covered with a layer of Portland cement concrete at least six inches thick, which shall have a bearing of at least twelve (12) inches on undisturbed ground on each side of the trench. The concrete shall consist of one part good Portland cement, three parts clean, sharp sand and five parts of two inch broken stone, watered, mixed and tamped to the satisfaction of the Street Superintendent or his inspector, and maintained free from disturbance for at least five days, before being covered with the wearing surface of the pavement, which in all cases shall be of the same kind of material, but of best quality and equal in quantity, and laid on the same elevation throughout, as the original pavement existed before disturbed. If required by the Street Superintendent, the wearing surface of the pavement in such case shall be composed of entirely new materials, which shall be laid in accordance with the official specifications for such pavement.

SECTION VI.

All persons, firms or corporations who may make excavations in any public street or place under the provisions of this Ordinance, shall in the case of opening a street having a concrete foundation notify the Superintendent of Streets in writing, at least twenty-four hours before the day in which said persons, firms or corporations are to re-fill said street, whereupon, at the time stated in said notice, the Superintendent of Streets shall provide an inspector to superintend the execution of the work, whose compensation shall not exceed $3.00 per day, which compensation shall be paid in full by the person, firm or corporation doing said work. The said parties so re-filling said excavation shall at the time of the notice to the Street Superintendent deposit with him the sum of $50.00, or such other less sum as the Street Superintendent may require, and upon the satisfactory completion of the work, the said Street Superintendent shall remit to said person, firm or corporation the said sum of money so deposited, less the amount chargeable for the services of said inspector, at the rate of $3.00 per day; and the said Superintendent shall certify the completion of the work to the Secretary of the Board of Public Works.

SECTION VII.

Nothing herein shall be construed as preventing the laying of gas or water pipes between the curb line and property line of any street, provided said pipe shall not exceed 2" internal in diameter, and provided further, that the consent of the property owners, in front of whose premises said pipe is to be laid, shall be first obtained.

SECTION VII.

All Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

SECTION IX.

Every person violating any requirement of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding $300.00, and in case said fine be not paid, then by imprisonment at the rate of one day for every $2.00 of the fine so imposed.

SECTION X.

This Ordinance shall take effect immediately upon its passage and approval.

PROPOSALS for lighting of streets and public buildings in the city of Oakland for the year ending June 30th, 1898.

Office of the City Clerk of the city of Oakland, May 22nd, 1897.

In accordance with Resolution No. 22,966, adopted May 17, 1897, sealed proposals will be received on or before 8 P. M. of the 7th day of June, 1897, at the City Clerk's office in the City Hall, and shall be endorsed "Proposals for Lighting the Public Streets and Public Buildings of the City of Oakland."

Said proposals must provide for the lighting of public streets by electricity alone, and the public buildings by a combination of gas and electricity.

First. Proposals for lighting the public streets by electricity alone shall be in accordance with the following specifications: The poles, wires, conductors, lamps and each and every appliance which may be necessary for electric lighting to be furnished and erected by the successful bidder. The wires and conductors to be thoroughly insulated and placed in such locations and in such manner as will prevent them from being tampered with or handled by any unauthorized person or persons, it being distinctly understood that the city shall not be responsible, but must be held blameless against any claim for damages for any injury or accident which may be occasioned by the wires or conductors and against any claim for damages by reason of any infringement of any patents or rights in the use of lamps, machinery or appliances connected with said electric lights.

The said lights to number not less than 462 and not more than 512 of 2,000 candle power, each commercially rated, and to be on masts or cranes of the height of those now in use and at the places where the same are now located, with the distinct understanding that the Council reserves the right to designate and change the location of each and every light and to change the height or character of the mast to be used at any particular location upon payment of the actual cost of labor in making such removals or changes.

Second. Said proposals to contain bids upon a moonlight schedule of lighting and upon an all night schedule as now in force under present contract for lighting the public streets, and upon per hour schedule as follows: Said lamps to be lighted upon the moon schedule during the months of April, May, June, July, August and September, and upon an all night schedule as now in force under contract for lighting the streets, during the months of October, November, December, January, February and March. For the sake of clearness in bidding, the moonlight schedule is understood to be the lighting of all lamps one hour after sunset and one hour before moonset, and the extinguishing of the lamps one hour before sunrise, and one hour after moonrise, no lamps to be lighted on the night of, the night after and the night before full moon.

Third. Bidders are to specify separately the price per hour for which they will furnish and light the lamps in accordance with the all night schedule and the per hour schedule as hereinbefore set forth; also to specify the price per night for each lamp when lighted according to the moonlight schedule; also to specify the price per month for each electric arc lamp of 2,000 candle power and the rate per thousand watts by meter measurement for incandescent lamps when furnished to public buildings. The Council reserves the right during the time of the contract to be entered into to order all of the street lamps to be lighted upon dark or cloudy nights through a proper officer to be hereafter designated, and to pay therefor the price per hour for each lamp so lighted, that may be designated by the bidders herein as the price at which the lamps will be lighted according to the all night or hour schedule.

Each bid shall be accompanied by a check, payable to the order of the Mayor and certified by responsible bank for the sum of $5,000.00. Any check accompanying any unaccepted bid shall be returned to the party furnishing the same when his bid is rejected; any check accompanying an accepted bid shall be retained by the City Clerk till the successful bidder shall have entered into a contract as herein provided, and then be returned to said bidder; but if such bidder shall refuse to enter into such contract and file a bond in the sum of $25,000 within five days after being awarded the contract, his check or bond shall be declared forfeited to the city of Oakland, and shall be collected and paid into the General Fund.

The Council to reserve the right to determine which method of lighting shall be adopted, and to reject any or all bids.

FRATERNAL NEWS

The Summer Hegira Affects the Capering of the Goat.

A RUSH TO THE MOUNTAINS.

Delegates Chosen to the Native Daughters' Parlor.

DEGREE OF HONOR ACTIVITY.

Interesting Features in the Several Pythian Lodges.

There has not been a great deal of activity in fraternal matters during the past week, owing in the main, to the weather. Many members of lodges have already entered upon their vacations and others are making arrangements for the annual visit to the mountains. As a consequence, lodge news suffers, and some weeks must elapse before it will regain its wonted volume. Among the happenings which have come to notice are those recorded below:

Native Daughters.

The Committee on Transportation for the Grand Parlor of the Native Daughters, which will be held in Honora next month, has issued a circular to all of the subordinate parlors giving their delegates the necessary information in regard to the timetables and the proposed trip to the Yosemite Valley after the adjournment of the Grand Parlor.

The delegates to the Grand Parlor from Piedmont Parlor in this city are Miss Amanda Hammerly, Mrs. Annie Macdonald.

Odd Fellows.

University Lodge of Oakland will give a moon light picnic at San Lorenzo Grove on the 15th of June in celebration of its twenty-ninth anniversary.

Companions of the Forest.

The Grand Circle Companions of the Forest, F. of A., will meet in San Francisco next month. The delegates from Oakland Circle are Mrs. A. Davis and Mrs. M. Streuber.

Degree of Honor.

The Superior Lodge of the Degree of Honor, Ancient Order of United Workmen, will convene in Milwaukee, Wisconsin, on June 5th. California will be represented by Past Grand Chiefs of Honor Mrs. Kate M. Pelouf, William H. Barnes and David S. Hirshberg, the former having been appointed by the Grand Chief of Honor to fill the vacancy caused by the promotion of Mrs. Mary J. Stewart to the office of Grand Lady of Honor.

The largest attendance of the season was present at the meeting of Ivy lodge No. 4, Degree of Honor, A. O. U. W., Wednesday evening. Among those who graced the proceedings with their presence were Grand Chief of Honor Mrs. Callahan of Seattle, Washington, and Superior Lady of Honor Mrs. Stewart. Sister Callahan made a pretty little speech complimenting Ivy lodge in flattering terms.

Sister Stewart, with her usual eloquence, made a stirring address on behalf of the beneficiary system and the general welfare of the order. She stated that she leaves California next Monday to attend the annual session of the superior lodge of the Degree of Honor which meets at Milwaukee in June.

Grand Recorder Mrs. Poland made a few remarks in the course of which she stated that she had been appointed a delegate to the superior lodge and would also leave next week for the superior lodge convention. Grand Lady of Honor Mrs. Mayon spoke a few words in which she advocated the building up of the beneficiary.

Grand Medical Examiner Doctor Mayon, in a few well-chosen words, gave some good advice.

Brother Babcock of Silver Star lodge, Temescal, thanked those members of Ivy lodge who were present at Temescal last Thursday and gave such a helping hand in assisting to put out the fire which nearly demolished his residence. With great feeling Brother Babcock presented to Brother Isaacs, on behalf of himself and wife, a beautiful hand-painted silk tie and gold pin.

Brother Isaacs was greatly overcome with the gift.

Sister Cogan also received a special vote of thanks in looking after their "baby" during the conflagration.

Brother Holmes gave an elaborate description of his visit to Hanford whilst attending the Knights of Pythias convention. His description was so perfect in every detail that the suspicion has gone abroad that Brother Holmes has been subsidized to boom Hanford.

Sisters Chloupeck, Wilkinson and Holmes are also in the conspiracy, as they reiterated Brother Holmes' remarks.

They declared they had the most joyous time in their lives whilst attending the Bathbone Sisters' convention, which was also held in Hanford.

District Deputy Grand Chief Honor Mrs. Eva Cogan made a few remarks, and also rendered an excellent recitation.

Sister Ingersol gave a humorous reading.

Sisters Butler and Donaldson and Brother Isaacs also recited.

Sister Mrs. Imes, president of the drill team, requested the Chief of Honor to appoint a committee on entertainment to get up a benefit for the purpose of purchasing robes for the members of the drill team.

The following members were appointed on the team entertainment committee: Sisters Imes, Cogan, Butler, Moore, Devers, Levy, Wood, Wilkinson, Chloupeck, Donaldson, Mayon and Ingler; Brothers Isaacs, Smith, Harris, Mitchell, Strasberg, Hall, Holmes and Poland.

Next Wednesday evening the election of officers for the ensuing term will take place. For some of the offices several candidates have been placed in nomination, noticeably the position of outside guardian, for which ten candidates have been nominated. One brother has promised, if elected to the coveted position, to provide a banquet for the lodge.

Rebekahs.

Sunset Rebekah Lodge No. 109 will give one of its pleasant Dime Socials Friday evening, May 28th at Bartlett Hall, Seventh and Pine streets, West Oakland. All are cordially invited. Tickets can be procured from the members. The entertainment begins at 8:30 P. M., dancing at 9:30.

Athens Rebekah Lodge No. 51 I. O. O. F. will give a social dance Saturday evening, May 29, 1897, at Fraternal Hall, Thirteenth and Washington streets. The public is invited to attend. A good time is assured.

Sunset Rebekah Lodge No. 109 will give its regular monthly dime social at Bartlett Hall, West Oakland, corner of Seventh and Pine streets, tomorrow evening. A good programme has been prepared and Professor Barney will furnish the music for the dance, which is to follow. The public is always welcome.

Catholic Ladies' Aid Society.

The Catholic Ladies' Aid Society will hold its weekly meeting Monday evening, May 31st, at Y. M. I. Hall, 1058 Broadway.

I. O. Foresters.

Independent Order of Foresters Court Oakland No. 1237 will give a smoker and entertainment to its friends on Friday evening, May 28th at Loring Hall, corner of Eleventh and Clay streets. Brothers Brown, Ferguson, matter in charge and intend to have a Mott, Luter, and Paulsen have the lively time.

Knights of Pythias.

At the last session of Oakland Lodge No. 103 held on the night of May 21st, Stranger Pitt was initiated into the mysteries of the Page Rank, after which the lodge conferred the Rank of Esquire on Page Nelson in a manner which left an indelible impression upon the candidate.

Under the head of good of the order, several of the brethren assisted in entertaining the lodge.

A brief spirited address was made by Past Chancellor B. D. Gans. Remarks were listened to from Brothers Christofersen, Damon Lodge of San Francisco, Garrett of Charter Oak Lodge No. 20, of Stockton. M. J. Curtis, one of the vocalists of Amazon Lodge, No. 181 rendered one of his select comic ditties.

A. V. O'Neill followed with a recitation, and a most pleasant session was brought to a close with a choice vocal solo by Past Chancellor E. J. Murphy of No. 103.

Tomorrow night, the special business of the evening will be the conferring of the Knight Rank in all its magnificence by the well known team of this lodge.

Some new features will be adopted. A cordial invitation is extended to all brother knights to be present.

PIEDMONT LODGE NO. 172.

At the session of Piedmont Lodge No. 172, held last Monday night, a clear, concise and accurate report was received from representatives O'Kane and Wheelleg of the proceedings of the grand lodge.

Sons of St. George.

Albion Lodge, Sons of St. George, elected its officers last night for the ensuing term. Great interest was manifested by the crowded attendance, every seat in the hall being occupied. Loud and prolonged applause greeted the declaration of the worthy president that Brother Dr. A. Miles Taylor was once more the lodge physician.

Decoration Day will be celebrated by the Sons of St. George on this and the other side of the bay with a picnic at the famous resort of Sunset Park. A varied and interesting programme has been prepared by the committee in charge. English and American girls will be held for the pretty girls, the mischievous boy, the new woman, the fat man and every other kind of being. There will also be a fine pavilion and a splendid band for dancing, and last, but not least, a first class concert.

ALL FOR CHARITY.

Mrs. F. M. Smith's Beautiful Home to Be Used for a Fete.

Next Saturday a garden party will be given at Arbor Villa, the home of Mr. and Mrs. F. M. Smith, for the benefit of the Central Free Kindergarten. The arrangements for the affair are most elaborate, and will include a bombardment of flowers with several pretty features copied from the famous battles of flowers held at Nice, France, in Maytime. The Presidio Band will furnish music for the promenade concert. The grounds will be thrown open to visitors to wander wherever they will, and as Arbor Villa is justly famed for the beautiful and artistic surroundings, there is not a doubt that many will avail themselves of the opportunity to visit the fairyland around the beautiful home. The rose lined driveway will probably witness the arrival of many guests, who will not only enjoy a delightful day, but will also by their attendance, be adding to the fund that supports one of the most benevolent and worthy institutions in the city, the free kindergarten on Third street.

Basket Ball.

The game of basket ball arranged for last night between the Rushers of San Francisco and the Cyclones of the local Y. M. C. A. has been postponed until a week from Friday.

MONEY OF THE WORLD.

How Finances Are Affected in Various Parts of the Globe.

A Studious Consideration of the Crops in Many Sections.

NEW YORK, May 15, 1897.—Wall street still remains sluggish, though with no abatement of the general steadiness of values. One of the conspicious features of the stock market is its ready response to favorable influences, and its comparative insensibility to such as are unfavorable. The predominant underlying conviction appears to be that the prevailing level of prices is not a safe one but below the real intrinsic merits of securities, considering existing conditions and the prospect fairly deducible from the general situation of affairs. But as this view counts more upon things anticipated than upon existing conditions, favorable occurrences do not lead to any really active and sustained upward movement. In brief, it is largely an expectant market, and in that sense not yet sufficiently developed to induce active operations.

This hopeful tone has been confirmed by a steady and really important improvement in the condition of the cereal crops during the last week or ten days. The Government weekly crop report states that crop conditions in the upper Mississippi and Missouri valleys, for the week ending May 10th, have been the best of the season and really excellent for farming operations and the growth of crops. Under the favorable weather conditions prevailing in the principal corn States, corn planting has been pushed rapidly during the week.

PLANTING IN PROGRESS.

Planting is now in progress as far north as southern New England, Michigan and South Dakota and will begin this week in Minnesota. In the Middle Atlantic States and to the southward of the Ohio and Missouri rivers, planting is generally nearly complete. Winter wheat continues promising in the Middle Atlantic States and in Kentucky and Tennessee, reports from the two last named States being exceptionably favorable. Further improvement is also indicated from Ohio and Indiana, and the crop is reported as doing well in Illinois, Missouri and portions of Kansas. In Oregon and Washington the outlook is very promising. Spring wheat seeding is practically completed, Minnesota and North Dakota having about finished during the week. Over the central and southern portions of the spring wheat region the early sown has a good start and is growing well. Private reports of later date, from some of the Western centers, are still more sanguine. These accounts suggest the possibility of a better spring wheat harvest than has been hitherto expected, though they do not suffice to offset the probabilities of a short general crop, owing to irremediable injury to the winter wheat. All the information from foreign markets points to the probability of a short world's crop of wheat. European buyers are showing a disposition to discount that prospect by making contracts in our markets, but their bids have thus far been too low to admit of transactions. The probability however seems to be that, upon such surplus of cereals as we may have for export from the next harvest, we shall realize relatively high prices.

THE LONDON SITUATION.

London movements have favored this market during the week. That center has still taken a hopeful view of the outcome of the Greco-Turkish war; and the reduction of the Bank of England rate of discount to two per cent is construed as implying a settled conviction in the highest financial circles that, upon one basis or another, a peace between the belligerents is sure to be reached. The London situation has thus favored speculative operations, and New York sales of stocks to that market have reached about 30,000 shares for the week. These transactions have supplied from $1,250,000 to $1,500,000 of exchange, which it is to be presumed has so far limited the amount of gold which otherwise would have been exported.

SHIPMENT OF GOLD.

At the hour of writing, the gold shipments of the week are expected to aggregate about $8,000,000. At the current rates of exchange, gold can be shipped to the continent at a moderate profit, and, as the supply of produce bills is not large there is no visible prospect of an immediate cessation of the outflow. In estimating the importance of this movement, however, it is to be kept in mind that the current remittances are due chiefly, if not entirely, to quick payments for the extraordinary importations being made in anticipation of an advance in tariff duties; the effect of which will be to correspondingly diminish remittances which, in the ordinary course, would have occurred some months later.

Another significant transaction has been consummated indicating the tendency towards a permanent reduction in the rate of interest upon investments. The Illinois Central Railroad Company has negotiated an issue of $50,000,000 of 3½ per cent first mortgage bonds to take up issues of the former Chesapeake & Ohio Southwestern and the St. Louis & Terra Haute Railroads, now incorporated in the Illinois Central system, the superseded bonds having borne interest ranging principally from 5 to 8 per cent. This, added to the many times larger conversions recently arranged for by other railroads, shows the willingness of capital to invest in large amounts at 3@3½ per cent. At the same time, it leaves no doubt of the possibility of other roads in good credit largely reducing their mortgage charges, with consequent advantage to the stockholding interest. The effect is to place dividend-paying shares in a much better position as to value, especially in the case of companies which have effected these reductions of interest; for a decline in the rate of interest means a relative rise in the market value principal. One of the first effects of these conversions has been to turn the attention of investors to municipal securities, which appear to be esteemed as next in security and desirableness to the railroad mortgage. A large amount of that class of issues is forthcoming, but there is a limit to the supply; and when that is reached, railroad shares will have their turn.

EUROPEAN AFFAIRS.

The new phase of affairs in Eastern Europe is encouraging to the hope of an early removal of that source of disturbance from foreign politics. It is not impossible that the settlement between Turkey and Greece may temporarily hang fire. For while Greece is ready enough to accept almost any terms that will save her army from annihilation, Turkey may be expected to seize all the advantages she can procure from her victory; and hence may arise some anxious haggling between her and the Powers. With impatience of restraint among the Turkish army, on the one side, and a danger of revolution among the Greeks on the other side, this sort of suspense cannot be long endured; and the result is likely to be that the Powers will feel themselves constrained to grant concessions to Turkey from which the world's public opinion will loudly dissent. If Turkey is willing to suspend actual operations so as to allow an opportunity for pacific negotiations, the occurrence of the Feast of Bairam, which lasts from the 13th to the 16th of May, will come in very opportunely. In any event, the settlement is only a question of terms; and with one side submissive and the other under a strong repression from the Powers it seems in the last degree improbable that there should be a failure to reach an early peace. The only disturbing factor in sight is the revival of the Cuban question now under discussion in the United States Senate. This is calculated to cause some selling of long stocks and a lower range of prices in consequence.

BURNED TO THE GROUND.

Another Argument in Favor of the Project of Annexation.

The residence owned by Joseph Boudet on First avenue, between Maple and Avon avenues, Temescal, was burned to the ground at 4 o'clock this morning. The house was unoccupied at the time. The loss is estimated at $1,500, partially covered by insurance in the New Zealand Insurance Company.

The Stock Market.

By Associated Press to The Tribune.

NEW YORK, May 27.—Slightly higher prices were apparent at the outset in trading stocks, more noteworthy gains being shown in international shares in sympathy with London. Large blocks of leading shares changed hands.

A determined attack was made on the market by the bears at the expiration of the first hour. Sugar and Western Union were offered freely. Recessions generalist were quite uniform.

Rubber shares came in for heavy selling after 11 o'clock, induced by the action of President Evans declining re-election. Support was quickly forthcoming and the common rallied 5-8, preferred 1¼. The bears then succeeded in forcing down the Gould stocks.

Burglars Frightened.

Burglars attempted to enter the home of W. A. Jones at Eleventh and Jackson streets last night, but were scared away by the barking of a poodle dog. Only two little girls were at home at the time of the attempt, but when Mrs. Jones returned home an investigation showed that the would-be thieves had gone so far as to open a back window.

COUNTERFEITS.

U. S. Court Checks the Distribution of Imitations.

About 400 counterfeiters have been making imitation Cereal Coffees and working them off on buyers. They generally use at least part of the wording on the original and some take the red seals of the genuine Postum Cereal Food Coffee. The United States Court has lately enjoined Grain-O and ordered them to avoid further infringement.

Postum is the original palatable Cereal Coffee and is made of selected parts of the Cereals which give the elements needed for the rebuilding of the gray matter in the nerve cells. The counterfeits are made of—well "just any old thing" to look like Postum and get people's money. Does any one expect the maker of a counterfeit to care how much food value he gives?

Buyers can get from two to five times as many pounds of counterfeit for the same price as one pound of the genuine Postum Cereal Food Coffee. All right for those who "have money to burn."

If a grocer offers you an imitation "Cereal Coffee" send his name and address to us, please.

Exposition Directors Decide on a Number of Fine Features.

The Exposition Directors met last night and considered many matters relating to the coming show. The Executive Committee's report was presented, advising that the space under the north gallery be devoted to booths of all nationalities, filled up by their representatives.

It was recommended that newspaper row be maintained practically the same as last time and that no concessions for space in the main auditorium be granted, except for refreshments. The report was adopted unanimously.

At the suggestion of Theo. Gier steps were taken to interest the farmers and horticulturists of the county in the Exposition. Mr. Gier suggested that all producers be requested to inform the Directors what they can furnish in this regard in July. It is the intention to pay market prices for the exhibits and keep a continual stock of fresh supplies on hand.

The secretary will direct inquiries to the farmers on the subject and upon the receipt of replies the Board will determine what will be acceptable in this line for exhibits. It is the intention to accept only the choicest products in small quantities.

A communication was read from R. D. Yelland, suggesting that premiums be offered for the best paintings and sketches. As the Directors want to encourage this branch of exhibits, it is probable that $100 will be set aside for rewards.

The question of constructing an additional annex created considerable discussion. It was reported by the committee in charge that fifteen contractors were ready to submit bids. These will be opened at once and the lowest bidder will receive the contract. The work must be done before June 15th.

The committee in charge of concessions reported having sold space exclusive of that regularly listed and receiving $115 for it.

George Roeth urged the need of increased room. He said many manufacturing establishments have applied but it was a question whether they could be accommodated. Several others spoke on the subject, before it was finally decided the way out of the difficulty would be to locate all concessions, before alloting space to exhibitors.

A communication from Mrs. Lydia Prescott, asking a contribution for the Society for the Prevention of Cruelty to Children, was referred to the Executive Committee.

It was definitely decided to invite the owners of all factories in the county to exhibit, special reference being made to the California Cotton Mills, the Borax Refinery and Alvarado Beet Sugar Factory.

After the transaction of a little routine business the meeting adjourned until next week.

CATTLE STEALING.

Silva's Trial for the Offense Will Take Place Later.

The trial of Adolph Silva, the cowboy of the Livermore hills, who led a roving band of cattle thieves through many a daring and felonious crusade, was called this morning before Judge Ogden, but as the Petitfils murder case is now occupying attention, it had to be continued.

The gang which Silva led made a practice of rounding up herds of cattle in the lower part of this and in Contra Costa county. The animals were stolen from farmers and herded to the San Francisco stock yards, where they were sold. Silva plied his bandit vocation for some time before he was captured.

The District Attorney has a strong case against him and it is expected the man will repent his deeds in San Quentin.

ANOTHER DELAY.

Hill's Doom Is Deferred Until Wednesday of Next Week.

Wife murderer Ben Hill will have a week's added grace before he is called upon to listen to a resentencing for his crime. It was expected that the court would set a date for his execution this morning, but the matter was continued until next Wednesday.

In the meantime Hill takes matters philosophically. His conduct at the county jail is just the same as though his days were not numbered. He holds his bible classes regularly every morning and leads the other prisoners in singing the hymns.

THE SUNDRY BILL.

The Conference Report Is Agreed to in the Senate.

SHORT TALK ON THE TARIFF.

The Cuban Resolution Is Not a Privileged Question.

SEVERAL BRIGADIERS CREATED.

Accusers Fail to Put In Their Appearance in the Capital.

By Associated Press to The Tribune.

WASHINGTON, May 7.—Only the front rows of the galleries were occupied when the session opened today.

The final conference report on the sundry civil bill was taken up, an agreement having been made to vote at 2 P. M.

The main questions involved in the conference report related to the suspension until March 1st next of President Cleveland's proclamation embracing large areas as forest reserves, making immediately available $2,923,223 for contract work on the Mississippi river, and $10,000 for the improvement of Pearl Harbor, Hawaii.

The question of forest reserves was discussed at length.

The Senators from the States affected by the forest order urged the rejection of the entire conference report and the absolute suspension of the President's order.

Cannon of Utah referred to the order as barbarous and inhuman.

Stewart of Nevada characterized it as a "disgrace to American civilization and the worst outrage of the last half century."

Pettigrew asserted that the order was the result of the ignorance of Grover Cleveland. He said that in South Dakota the area included as a part of the forest reserve contained seventeen Post-offices, 15,000 people and fifty miles of railroad. He urged that the Academy of Science, which prompted this act, should be rebuked, and he favored the defeat of the sundry civil bill rather than have the order stand.

When Allison said that this was the best arrangement that could be made with the House, Tillman ejaculated: "Oh, they have no House over there anyway; they have one man running it."

Berry of Arkansas said that the Mississippi river item and other important features of the bill would be jeopardized by the rejection of the report.

A vote was then taken, and the final conference report was agreed to as follows:

Yeas—Aldrich, Allison, Bate, Caffery, Chandler, Cullom, Deboe, Fairbanks, Faulkner, Gear, Gray, Hanna, Hansbrough, Hawley, Kenney, Lindsay, McEnery, Morgan, Pasco, Perkins, Pettus, Platt of Connecticut, Platt of New York, Pritchard, Proctor, Gray, Spooner, Turpie, Wellington, Wetmore—32.

Nays—Bacon, Butler, Cannon, Carter, Clark, Clay, Davis, Foraker, Frye, Harris of Kansas, Kelfield, Jones of Arkansas, Jones of Nevada, Kyle, Millan, Mallory, Mantle, Pettigrew, Rawlins, Roach, Shoup, Stewart, Tillman, White, Wilson—25.

The tariff bill was taken up at 2 o'clock and the formal consideration of the measure by paragraphs proceeded.

Vest moved an amendment to paragraph 10, so as to fix the rate on crude borax at 1½ cents and refined borax 2 cents a pound.

After a brief debate, the amendment was disagreed to without division.

The committee substitute was then agreed to, fixing borax at 5 cents per pound, borates of lime or soda, 4 cents and 3 cents, according to strength.

THE POOLING BILL.

A Report Will Soon Be Made on It in the Senate.

By Associated Press to The Tribune.

WASHINGTON, May 27.—The Senate Committee on Interstate Commerce practically agreed today upon final amendments to the Foraker pooling bill which there will be an effort to have reported at the next meeting of the committee to be held one week from today. The votes taken on amendments today leave little doubt that the committee's recommendation will be favorable to the measure when reported. The bill has been perfected and would have been reported today, but for the opposition of Senator Chandler, who is antagonistic to the pooling bill. He made a speech before the committee denouncing railroad pools as trusts.

HIGHER TITLES.

Well Known Officers Promoted by Action of the President.

By Associated Press to the Tribune.

WASHINGTON, May 27.—The President today sent the following nominations to the Senate:

Colonel James F. Wade, Fifth Cavalry, Colonel John K. Mizner, Tenth Cavalry, and Colonel William M. Graham, Fifth Artillery, to be Brigadier Generals.

John K. Boring of Wisconsin to be Deputy Auditor of the Navy Department.

Navy Commander Charles O'Neill, U. S. N., to be Chief of the Bureau of Ordnance, with the rank of Commodore.

C. H. Cornell to be Postmaster of Corona, Cal.

Ezra W. Woodward to be Postmaster of Newberg.

REED SUSTAINED.

The Cuban Resolution Not Looked on as a Privileged Question.

By Associated Press to The Tribune.

WASHINGTON, May 27.—Representative Lewis, Democrat, of Washington endeavored today to bring before the House the Cuban question as a privilege question on the ground that it concerned our foreign relations. He offered a resolution declaring it to be the sense of Congress that the belligerency of the Cuban insurgents should be recognized. Speaker Reed declared it out of order and, on appeal to the House, 91 to 57, sustained the speaker. The House then adjourned until Monday.

THE TARIFF.

It Is Considered Section by Section in the Senate.

By Associated Press to The Tribune.

WASHINGTON, May 27.—The Senate took up the tariff bill at 2 o'clock and continued the formal consideration of the bill by paragraphs.

Issue More Bonds.

By Associated Press to The Tribune.

NEW YORK, May 27.—At the meeting of the New York Central stockholders at Albany, 710,692 shares—the largest vote ever cast—favored the issuing of $100,000,000 at 3½ per cent to take up the bonds now outstanding. Mr. Depew cast the only vote which represented these shares, or $71,069,200 worth of the stock of the road. This vote showed that the bill passed by the Legislature was not necessary, as more than two-thirds of the entire stock of the road was for the issue.

Going to Alaska.

By Associated Press to The Tribune.

WASHINGTON, May 27.—The Secretary of Agriculture has designated a board of which B. Killen of Oregon City, Oregon, chairman of the Board of Regents of the Oregon Agricultural College and Botanist Evans of this city are members, to go to Alaska to investigate the needs of the agricultural experiment station in that territory and to secure data incident to the establishment of such an institution. The party will said from Tacoma June 8th.

BUFORD SUICIDES.

The Sad Ending of the City Solicitor of a Kentucky Town.

By Associated Press to the Tribune.

LEXINGTON, Ky., May 27.—Judge Henry Marshall Buford, city solicitor of Lexington, committed suicide by drowning in a pond near the home of Matt Simpson, this county. He was 52 years old and unmarried. He was one of the leading lawyers of Kentucky, had been judge of the Common Pleas Court, master commissioner of Fayette county, and held many other positions of trust. Through his father, Henry Buford, he was descended from the pioneers of that name. Through his mother, Elizabeth Marshall, he was related to Chief Justice Marshall and other members of that distinguished family. His mother, to whom he was greatly devoted, died about a year ago. She asked him to cremate her body and to not allow any other person to touch it. He carried out her wishes to the letter, and brought her ashes home with him from Cincinnati.

His remains will be cremated at Cincinnati today, and he requests in his will that his mother's ashes, mingled with his own, should be scattered on the blue grass pasture of his friend, Matt Simpson.

REPUBLICAN DELEGATES.

They Must Be in Harmony With the Principles of the League.

By Associated Press to The Tribune.

CHICAGO, May 27.—The National Republican League has served notice upon the League of the Western silver States that the delegates to the National Republican League Convention in Detroit in July must be in accord with the party platform. The executive committee today delegated to President Woodmansee and Secretary Dowling the duty of appointing a provisional organization in Colorado and any other State in which it might appear the old organization is no longer in control of Republicans in accord with the party.

A PROHIBITION CONVENTION

By Associated Press to The Tribune.

LINCOLN, Neb., May 27.—The Prohibition State Convention met here with delegates present from eleven counties. Permanent organization was effected by the selection of Rev. C. H. Gilmore of Auburn as chairman. The selection of J. E. Crandall as chairman of the Committee on Resolutions means that any reference in the platform to financial matters will be strongly in favor of the silver and gold standard as opposed to the doctrine of Charles E. Bentley of this city, who was the presidential candidate of the Prohibitionists with silver leanings last year.

A FREE MARKET.

An Attempt to Establish One by the Farmers of the State.

By Associated Press to The Tribune.

SAN FRANCISCO, May 27.—A meeting of farmers from the various parts of the State was held here this morning for the purpose of considering ways and means to secure the establishment of a free market on the city front. The meeting was organized by the election of G. W. Worthen of San Jose, president, and D. T. Fowler of Fresno, secretary. The latter made a short address in which he referred to the bill passed by the last Legislature for the establishment of such referred market.

A. T. Dewey, of Tulare, moved that permanent officers be elected, but this motion led to a heated debate. The Farmers' Club of this city, which took the initiative in the matter, claiming that such actions was unnecessary.

LOST HIS EYES.

A Very Painful Accident to a Miner Near Fresno.

By Associated Press to The Tribune.

FRESNO, May 27.—W. E. Gill, son of W. M. Gill, the Populist leader and editor, had a marvelous escape from death near Randsburg Saturday. He was brought to his home in this city this morning. Both his eyes were blown out, and his face was horribly disfigured. He will recover, but will be totally blind. The accident happened at the foot of a seventy foot shaft, caused by the drill striking a dynamite load that had not exploded.

The Sheriff's office claims to have located the two desperate characters who broke jail here on Tuesday night at Los Banos, on the west side, and the officials are now concentrating on that point.

DIED OF LOCKJAW.

The Sad Result of an Accident to a Sacramento Boy.

By Associated Press to The Tribune.

SACRAMENTO, May 27.—Willie Hamm, age 12 years old, died early this morning from the effects of lock-jaw. One day last week the boy fell from a tree at East Park, where he was searching for birds' nests and broke both arms. One of the arms was so badly shattered that it was thought amputation would be necessary, but the boy was attacked with lock-jaw last night and died this morning.

REED DISCHARGED.

No Evidence to Hold Him for the Killing of His Partner.

By Associated Press to the Tribune.

AUBURN, Cal., May 27.—Ed Reed, charged with the killing of his partner, L. R. Brown, a few days ago, at their cabin in the mountains, near Westville, was today discharged by the Forest Hill Justice for lack of evidence. The men were intoxicated and got into an altercation when Reed struck Brown with a club. The latter never regained consciousness. He was 70 years old while Reed is but 30.

Mortuary.

The death has been reported of Martha W. Miller, a native of Martinez, aged 20 years, who has resided in Oakland for one year. The deceased was a daughter of Mrs. Rose Miller and resided with her mother at 565 Eleventh street. The funeral will be held tomorrow afternoon from the Evers undertaking parlors, and the interment will be in Mountain View.

Courage From a Cat.

Last night, one of the campers at Trestle Glen, shot a large bob-tailed wild-cat. It is very unusual to find the animals so close to the city. The cat was sold to some Chinese in East Oakland who have a tradition to the effect that eating its meat will give them great courage.

BEAT A SALOON MAN.

Thomas Cunningham Is Now in the County Jail.

Thomas Cunningham is a man of many troubles. He is now lodged in the county jail awaiting trial for assaulting a Berkeley saloon keeper. Cunningham is deaf and dumb and cannot write. A few days ago he visited the saloon keeper and showed him a petition, written for him by some one, requesting financial aid. One of the hangers on in the saloon spit on the paper and Cunningham remonstrated with his fists.

He is trying to raise enough money to get to San Diego, but will probably stay in Oakland for a while.

The Jury Disagreed.

The jury disagreed in the case of Joseph and Louise Reheiser, arrested for battering Camille Camp. The affair seems to have been a family feud. William Hynes, son of Officer Hynes, conducted the case for the defendants and it was largely through his efforts that the jury disagreed. Mrs. G. Tissott, one of the witnesses, created some excitement by breaking down and becoming hysterical on the stand and a recess had to be taken before she could be quieted. The case went over till tomorrow to be set.

DEATH IN THE DEBRIS

Nine Persons Slaughtered in a Head-to-Head Crash in Idaho.

TRAINS MET AT THE STATION.

The Freight Was Running Away and the Impact Dreadful.

WRECK OF BOTH COMPLETE.

It Is Said That the Air-Brakes Were Tampered With.

By Associated Press to The Tribune.

POCATELLO, Idaho, May 27.—A head-end collision between a freight and a passenger train at American Falls, 25 miles west of here, at 4:30 o'clock caused the death, so far as known, of nine men and serious injury to eight others.

Two of the latter will die.

This is the worst wreck that has occurred on the short line in many years.

The West bound passenger on the Union Pacific was waiting for the freight at American Falls standing in front of the station building.

The freight coming east ran away on the hill west of American Falls.

It is thought that the air was tampered with.

The freight was running at the rate of fifty miles an hour, and crushed into the passenger train which was already backing up, right in front of the station.

Two men were on the platform.

One was killed and the other fatally injured.

The station building was shattered.

Both engines were converted into scrap iron and 20 freight cars were piled up in a heap.

Passengers, sheep shearers and tramps were crushed to death.

Up to noon, five bodies had been taken out.

George Moore, the engineer of the freight train is seriously injured, sustaining a compound fracture.

Fireman Dick Cosgrove had a leg broken.

C. E. Heckman, the engineer of the passenger, sustained slight injuries.

He stayed with the engine until he reversed it.

The conductor and the brakeman were on the top of the freight setting the brakes and Fireman Cosgrove had climbed back to help them when the crash came.

The dead are:

C. W. SHIELDS, about 35 years, residence unknown.

D. L. THOMPSON, Dayton, Washington.

JOHN R. COOPER, Wellsville, Utah.

J. STEFFEN, Dillon, Montana.

FIVE UNKNOWN men, sheep-shearers, beating their way.

The injured beside the trainmen already given are:

G. W. BRENNAN, Pearl, Idaho, leg broken.

F. D. SPRINGER, Dayton, Washington, leg broken.

JOHN BERGAN, Brigham, Utah, leg broken.

JOHN PETERS, residence unknown, leg broken.

WM. CONNELLY, Great Barrington, Mass., crushed, bowels torn out and will die.

GARBAGE OR ASHES.

A Question Which Must Be Determined by the Courts.

Stephen D. Bassett, driver for the Crematory has been arrested on complaint of Frank Josephs, a grocer of North Oakland, for dumping ashes in the city limits. It has been the custom of the Crematory to dump ashes on a lot near that institution, but Josephs claims that they also dump garbage with the ashes. The arrest is an agreed case to have the court decide the nature of the matter dumped.

Failed to Prosecute.

Attorneys Moore and Martin for the Southern Pacific Company have given notice that on June 7th, a motion will be made to dismiss the two suits brought against the company by Harry Unna and Emma and Leo Kalman, on the ground that they have now been pending in the courts for four years and the plaintiffs have failed to prosecute.

Unna's complaint asked for $25,000 damages, while the Kalmans asked for $4,950.

HAVEMEYER IS FREE.

The Court Instructs the Jury to Return an Acquittal.

CONDUCT NOT CONTUMACIOUS

Several Grounds on Which the Sugar King Was Discharged.

THE DEFENDANT SATISFIED.

His Case Not a Counterpart of That of Secretary Searles.

By Associated Press to the Tribune.

WASHINGTON, May 27.—Interest in the trial of Henry O. Havemeyer, president of the American Sugar Refining Company for contumacy toward the Senate Sugar Investigating Committee was greatly intensified this morning by the pending motion of the defense to instruct the jury to bring in a verdict of not guilty.

It was understood of course that if the Court should order an acquittal the case would come to an abrupt close and that the indictments against John E. Searles, secretary of the Sugar Refining Company and Edwards and Schriver would be quashed.

When the court opened, District Attorney Davis entered upon a reply to the motion of the defense to order an acquittal, which Havemeyer's council had argued yesterday.

Davis took up six propositions upon which the defense had based their motion and met them seriatim, although not in the order laid down by the defense.

Johnson replied at some length to the arguments of Davis after which the court announced a recess till 1 o'clock during which interval he was to take the motion of the defendant's counsel under advisement.

District Attorney Davis said the verdict would not effect the case of John E. Searles, secretary of the Sugar Refining Company whose trial will be proceeded with tomorrow.

Davis said that Searles had directly refused to answer questions and his case was in no way parallel with that of Havemeyer.

Havemeyer said:

"The verdict is satisfactory to me, and to every decent man in the community."

Later the court sustained the motion of defense.

The jury in accordance with the instructions of the court returned a verdict of not guilty.

The case against Havemeyer is dismissed.

(The grounds set forth in the motion of the attorney for the defense for the dismissal of the case are as follows:

First—That the question as to the local and State contributions was beyond the jurisdiction of the Senate Committee and impertinent; second, that it was not part of Mr. Havemeyer's duty to examine records for the purpose of answering the questions that he could not answer from memory; third, that when books or records are demanded that such books or records are evidence; fourth, that the question put to the witness was too broad, covering irrelevant matters; fifth, that if the witness were to be held recusant it was the duty of the committee to warn him that the question is a committee, not an individual question; and, sixth, that the indictment does not disclose a cause of action.—Ed.)

THE SEELY DINNER.

By Associated Press to The Tribune.

NEW YORK, May 27.—It is likely that the persons indicted for participation in the notorious Seely dinner last January that was raided by Police Captain Chapman, will not be tried. The District Attorney, according to the Journal, has about come to the conclusion that the best interests of the community demand that the details of the dinner be allowed to remain buried instead of being brought out in court.

He has lately received numerous letters signed by prominent people, urging him, in the interest of society, to allow the indictments to remain, where they are. In this class are school principals, teachers, who state that the publicity given the Seely dinner has damaged the youthful minds of the community.

THE BEARD CASE.

A motion for a new trial will be heard next Thursday by Judge Ellsworth in the action brought by the Spring Valley Water Company against John L. Beard. The motion is made by the company, though Beard has made similar request.

THE LAST OF SNELL'S

An Auctioneer's Hammer Is Sounding Its Knell.

MEMORIES ARE OF NO VALUE.

Dr. Merritt's Mansion Again the Scene of Seeming Vandalism.

SOME STRANGE LOTS ARE SOLD.

The Popular Seminary Exists Now Only in History.

Once again the auctioneer has invaded the historic Merritt mansion at Fourteenth and Jackson. But a few years ago the dealers in second-hand furniture yelled one against the other for the privilege of buying chairs and tables with a memory at less than a tithe of their cost. Today the scene is being repeated.

The thud of the auctioneer's hammer on this occasion is the death-knell over the passing of Snell's Seminary. After the Merritt sale, the seminary moved in and was carried on till, to use the language of the principal, "it was no longer a necessity."

For eighteen years this well-known institution has been a factor in Oakland society and many children of the wealthy have laid the foundations of useful lives within its halls. In every room, is testimony of the past and doubtless every broken chair and torn volume, and the discarded dumb-bells, and the disfigured desks, and the cracked lamp globes, could all tell tales of school pranks, which are treasured now by mothers of families, could they but speak.

But all this is over and before another day is past all the books and furniture, and pictures that have fulfilled their purpose will be scattered in a hundred different houses and stores.

Several of the ladies present were conversing of these things and recalling the past in which some of them perchance took an active part, but they were aroused from their pleasant reveries by the harsh voice of the auctioneer and the harsher voice of his man.

"Now here's a complete bedroom set, worth money once, have it at your own price; two bits—there—four bits; here John throw in one of those books and all goes for—last call—four bits." And as the auctioneer spoke, John threw in "A study of the origin and development of elephantiasis" while the crowd smiled.

In this manner all the furniture that once filled dormitories and school rooms was disposed of.

In the class rooms, the blackboards were sold with the remnants of the last lesson still upon them, and the dirty sleeve of the attendant rubbed off the sacred marks so as to put on a number that would indicate who bought it. It seemed like almost pure vandalism, but the commercially minded auctioneer discovered years ago that there is no market price for sentiment, so he sold everything for the lumber that was in it.

From room to room, where once Dr. Merritt presided over merriment, swept the crowd of men and women. The pictures of the wall and the little half finished sketches that under some circumstances would be priceless, were "thrown in" to make some doubtful purchaser decide to make a bid. There were some strange lots put up. The master of ceremonies was either a wit or else, if the articles were just carelessly grouped, chance was in a funny humor. There was a parlor stove and a cruet, a couple of old Bibles and some shoe brushes, a treatise on mind cure and a collection of medicine bottles, a box containing Christmas cards was sold with a hen-coop, and one perspiring old fellow from Third street procured a framed photograph of a poet graduate class and some broken wine glasses for a dime.

Then there was some better furniture and some more valuable pictures and bric-a-brac in the reception rooms and parlors, but they had little history. It was the school that caused the name of Snell to become known all over the West, and it was the desks and the dormitories and the discarded text books that made the school. The furniture in the house might have been in any other house, but there was only one Snell's, and now it exists but in memory.

Today is the final commencement day of the old seminary, but the school itself is the only graduate. It is graduating into history.

TOY WITH OFFICERS.

Boyce's Highwayman Hold Up Another Minion of the Law.

CONSTABLE TAGGERT CAUGHT

Deprived of His Cartridges and His Gun Is Returned.

THE ROBBERS COME BACK HERE

The Police Looking for the Suspects in Various Places.

The two footpads who held up Police Officer J B Boyce and took from that gentleman a gun, must have left Oakland for a little trip through the interior after that episode for they made their appearance in Martinez early this morning

It is evident, too, that they prefer Oakland's balmy climate, for when they left Martinez they boarded a freight train to return to this city

These two knights of the road take

These two knights of the road take of the law and they enjoy themselves in this manner by holding up Nightwatchman Fred Taggart at 3 o'clock this morning

Taggart is a fearless young fellow and is seeking the bubble reputation even in Martinez, so when he saw a couple of suspicious characters running for a train he determined to stop them Now he wishes that he had left the men alone.

When he ordered them to stop running the men obeyed him with the docility of a pair of new-born lambs

Walking up close to them Taggart inquired their business He had his trusty revolver in his hand One of the men, the "tall" one, started to reply, but before he had said three words, the "small" man, who had shifted his position around to the nightwatchman's side, caught Taggart by the wrist and the "tall" man shoved a revolver under Taggart's nose

"Do oyu smell that?" asked the robber. "Well, you'd better be careful and make no outcry and you won't get into trouble."

Then the two footpads took Taggart's gun and handcuffs away from him, but, after taking the cartridges out of the gun they gave it back to him, with the remark that it wasn't needed They kept the handcuffs.

Taggart describes the tall man as being 5 feet 10 inches tall He had on a gray suit and light cap and wore a handkerchief around his neck He had a small, light mustache. The other man is described as shorter and being smooth shaven

Chief Lloyd is taking every precaution to see that the men are bagged the next time they commit a robbery here He has notified all the street car companies to exercise every care in regard to 'ate cars and so forth, and has detailed special men to be on the lookout for the robbers

EXPOSITION WORK.

Annexes Will Be Constructed as Occasion Requires.

The extent of the addition to the Exposition building has not been fully decided The size of the new annex will depend greatly on the applications for space that are received during the next few days.

It was originally intended to cover all of the large lot, but last year so much satisfaction was derived by visitors from the small horticultural display, that it has been decided to have the feature repeated

The decision not to charge any rent for space will doubtless add greatly to the number and size of the exhibits and the contract has been let for the construction of an annex about one-half the size of the old annex This, however, may be followed by the building of other annexes should occasion require

Work on all the buildings to prepare them for the Exposition will be commenced next week, as the last remnant of the dog show has already been taken away.

THE RIO GRANDE RISES.

By Associated Press to the Tribune.

EL PASO, Tex, May 27—The Rio Grande river rose two inches last night The outlook today is more ominous than ever The river washed away a large portion of the bank protecting the headgate of the big irrigation canal last night and it seems impossible to prevent it going out altogether, letting the water rush through the Santa Fe railroad yards and the business portion of the city All the residences in the neighborhood have been vacated and families have gone to the high foothills The big levee protecting the southern portion of the city is being strengthened, but it is feared that a wind storm, so common this season, may come up and force the water over it

The situation of Juarez, Mexico, opposite the city is even more precarious, the levee being considerably weakened by the terrible force of the current.

GIRARD NOT AFTER HIM.

He Denies He Will Force the Fighting Against Cuvellier.

He Simply Took Advantage of an Opening Offered in the Debate.

Councilman Girard objects to having words placed in his mouth that he did not utter A morning paper stated that he would take the steps that would bring about a test of the question as to whether or not Councilman Cuvellier has a right to his seat and this Mr Girard denies

'I have said nothing of the sort," he remarked to a Tribune man this morning. "I have no intention of instituting any proceeding against Mr Cuvellier I am friendly to him, and all that I did was that during a debate I took advantage of an opening he afforded me"

Mr Girard then chatted about the probable outcome of the affair and expressed his views on politics in general. "To show how inconsistent some of these people are," he said "let me call your attention to the action of the Police and Fire Commissioners yesterday Mayor Thomas has been saying he would not vote for anyone who was not a Republican yet he turned right around and voted for Lloyd, a rabid Populist, for Chief of Police"

There is one thing about Mr Girard that is very noticeable. He does not hesitate to express his views no matter who is hit His speech in the Council on Monday night showed that for his blunt, forcible style convinced everyone that he meant what he said. That he was striking home too was evidenced by the plaudits of the lobby and those who heard the debate regard his speech on the water question as one of the most forcible of the evening

An Important Decision.

THE COURT DECIDES THAT HIRES ROOTBEER MUST NOT BE IMITATED.

It is doubtful if any modern commodity, excepting money has been counterfeited more than Hires Rootbeer, its wide popularity and immense sale having proved an irresistible attraction for the unscrupulous imitator

Justice is beginning to realize that the public must be protected from such practices as is evinced by the decision just rendered by Judges Finletter and Gordon in Philadelphia Court of Common Pleas No 3, restraining George A Hires, a namesake of Mr Charles E Hires, from manufacturing and selling a preparation under the name of Hires Rootbeer. In giving their decision the Judges said

"Whether this case be considered as one of infringement of a trademark or as a simulation intended and likely to deceive the public, the evidence is most conclusively with the plaintiff

"It is established that an article of commerce known as 'Hires Rootbeer,' by a long and costly method of advertisement has attained a trademark and value peculiar to itself The sales have reached an extraordinary yearly volume, and the article is known to consumers and merchants by the designation of Hires Rootbeer,' and often and perhaps as commonly by the name of 'Hires' alone The shape and color of the cartons as well as the general typography and substance of the printed matter thereon and the shape of the bottles have also been peculiar to the article made by the plaintiff and have served to give it commercial distinction and identity

The respondent Hires a kinsman of the plaintiff, availing himself of the sameness of family name, is about to manufacture and place on the market for sale a root beer which in all the externals of physical preparation and presentation is so nearly an approach to the plaintiff's commodity that but for the use of the christian or surname of the respondent Hires it might be termed a complete reproduction of the plaintiff's preparation and device The carton, its color the substance of the printed matter, the bottle the indicating designation of title, all —while slightly varying from the plaintiff's device—make up a trade commodity which except to the sophisticated or closely inquisitive, would be taken to be a like article to the plaintiff's

'It is not necessary now to pass upon the question of how far a family name may be the subject of a trade mark so as to exclude from its use others who lawfully bear it. The use of the family name in the present case only increases—most potently increases—the conjoined force and effect of respondent's other devices in working the deceptive simulation

"All cases of this character must depend upon their own facts and circumstances

'Actual fraudulent intent can never be inferred from anything outside of the case itself

'The testimony in the case now before us we think, makes it indubitably clear that the respondent's purpose—their sole and only purpose—was to fabricate an article of trade which in shape color, designation of name and general appearance resembled the plaintiff's article and thereby deceive and mislead the public and purchasers generally

"It is impossible to come to any other conclusion but that this was the main intent of the respondents

'But for the fortuitous identity of family name, it is clear that the respondent would never have embarked in this proposed commercial venture, and the evidence shows that their studied purpose was to copy as close to the appearance and name of plaintiff's article as possible, and preserve similarity while yet presenting minor differences

"We find, therefore, upon the evidence now presented, that the allegations of the plaintiff's bill are established and that the temporary injunction prayed for should be awarded

"Therefore, let preliminary injunction be continued against George A Hires, and issue against Joseph H Ingersoll and Robert C Ingersoll, and against them and any of them trading as George A Hires and Company'

FACTS AND FANCIES.

One day in the olden times, a Spartan happened to be in a theater at Athens, when an old man entered, but could find no seat The Athenians jostled him from bench to bench, but the Spartan no sooner observed the old man's embarrassment than he modestly arose and offered him his own seat. The action called forth universal applause, at which the old man remarked that "the Athenians know what is right, but the Lacedoemonians practice it."

Ex-Governor Waite of Colorado always favored woman's suffrage in theory, but, in practice, he finds it to be an entirely different proposition. Interviewed on the subject the other day, he said "To offset the votes of the intelligent women are the votes of the ignorant women and hence it's all the same Not one single, solitary good has come of women's votes in Colorado Three of them were elected to the legislature and they were worse than the men!"

A country merchant visited the city a few days ago and purchased from a dollar store a table castor, which he took home with him, and after putting a tag on it marked $14, made a present of it to a Methodist preacher, whose church his family attended The reverend gentleman took the package home opened it and examined the contents The next day he took the castor with the tag attached back to the groceryman and said to him. "I am too poor in this world's goods to afford to display so valuable a castor on my table, and if you have no objections, I should like to return it, and take $14 worth of groceries instead." The merchant could do nothing but acquiesce.

QUINN FOR GENERAL REVENUE COLLECTOR.

We think that it is about time the California delegation in Congress and especially those members who hail from Alameda county were doing something to recognize the wishes of the party as demonstrated by the official actions of the County Central Committee It is true that there has been action taken in reference to one local appointment but there was another citizen of Alameda county who received the unanimous endorsement of the County Central Committee for an important position in the Federal service. The endorsement was made many weeks ago, but we have thus far failed to learn that our local Congressional delegation has done anything in the matter.

We refer to the action of the County Committee in reference to Mr W. H Quinn who is an applicant for the position of Internal Revenue Collector The Republican members of the California delegation in Congress gave it out some time ago that they would be guided in their recommendations of applicants for Federal positions almost entirely by the actions of the County Committees in the respective sections of the State from which the applicants hailed If they meant what they said and propose to be consistent we are at a loss to account for the reason that some move has not been made in Mr Quinn's case

Mr Quinn has not only received the hearty endorsement of the official local organization of the party, but also of the leading business men of California, and he is entirely deserving of all the favorable recommendations He has been a resident of Alameda county for over a quarter of a century and during that time was the manager of the hardware firm known as the Hurtington, Hopkins Company, which was the largest wholesale establishment in that line on the coast.

By strict attention to business, marked ability unfailing impartiality and uniform courtesy Mr Quinn gained the esteem and confidence of the solid business men and no one stands higher in the estimation of the commercial world on the Pacific Coast today than he does

The mercantile community is fully satisfied that if Mr Quinn is appointed Internal Revenue Collector the business of that office will be conducted with absolute fairness to all and favoritism to none and it would be a source of relief to a great many merchants, especially those engaged in the liquor business to see him there

In this connection we have heard the remark made that the county of Alameda cannot hope to be honored by having two of its citizens selected for prominent places We do not see why Alameda county should not receive even greater recognition There certainly would be nothing inconsistent in it, for to Alameda county the Republican party is indebted for the placing of the State of California in the Republican column. We are of the opinion that it would be very good politics to encourage such Republicans as those who live in Alameda county to keep up their work

There has been considerable talk about giving the position of Internal Revenue Collector to which Alameda county and Mr Quinn are justly entitled, to a man who represents a county that failed to even keep up its record as an abiding place of Republican voters It would certainly seem poor political policy to thus honor a section of the State for neglecting to do its duty while shutting out the banner county from the recognition which is it's just due

There should be no serious consideration given to the proposition that because Alameda county will get the Superintendency of the Mint at San Francisco she is not entitled to anything more

VERY MALICIOUS TONGUE

Mary Flaherty Not Crazy But Libels Officers With Ease.

A Strange Character Who is Recommended to the Police.

Mary Flaherty of Fourteenth and Cypress streets, is at the Receiving Hospital charged with insanity. A namesake of hers was committed to Napa but a few days ago, though the two are not related.

Either the present Mary is very insane, tells deliberate and well-planned lies, or some members of the police department may be called upon for an explanation.

She has frequently demanded warrants for the arrest of her neighbors, and yesterday afternoon she again went to the City Hall to have a complaint issued, as she claimed her chickens were being poisoned In proof of her assertion she brought along a dead hen The officers listened to her story and then sent her to the hospital charged with insanity

There she told a tale of wrong doing which brought in the names of Officers Clark Phillips and ex-Policeman Rogers

She grew quite dramatic as she declared that after completely winning her affections and promising to marry her, Clark had told her never to bother him again There were many other allegations made in this connection The woman protested against her confinement, saying it was a job of her enemies to get her out of the way, so she would not prosecute some whom she knew were guilty of wrong actions

Whether her story is true or not, Drs. Fearn and Fisher decided this morning that she was not crazy as charged, but in their report insinuated it might be a case for the Police Court So it now seems as though Mary had jumped out of the frying pan into the fire

Her husband died about four years ago According to the widow's statement, he was an old soldier, having done service in the Indian wars.

POINTERS ON PEOPLE.

Three of the Queen's twelve bridesmaids are still alive One is Lord Rosebery's mother, and another, the elder of the Dowager-Duchesses of Bedford, is a sister of Lord Sackville, a third is discovered in Lady Jane Bouvine, who at that time was the most beautiful of the group, and, as the daughter of the Earl of Radnor, was a notable figure in society. But she married a commoner in 1847, and has been living in cheerful obscurity ever since.

Karl Mendelssohn-Bartholdy, a son of the great composer, died recently in a German insane asylum in which he had been confined for over 20 years. It had been generally supposed that he died in 1874, and the family had never denied the report. He was the author of several excellent historical and biographical books.

Lord Brassey has been having a lively time since he became Governor of Victoria. He has been thrown from his bicycle, has run the Sunbeam twice on the rocks and lately broken his collar bone, after landing on his head in a fall from his horse and having the horse roll over him.

Prince Moritz of Saxe-Altenburg, who is about 67 years old, enjoys the reputation of being the most utterly blase man in Europe Although in perfect physical condition, he has been in the habit of staying in bed for weeks, simply because there was 'nothing worth getting up for."

Since the death of her son, Mrs John W Mackay has evinced no inclination to resume her brilliant social career Almost immediately following the death of her son came the death in Rome of her father, Colonel Hungerford Since this latter event, she has been living at the Hotel Metropole in Monte Carlo, in almost absolute seclusion

Jenny Lind's daughter, Mrs. Raymond Maude of London, has much of her mother's brilliancy of voice, but has always refused to sing in public. Of her three children, none is musical.

THE HIGH SCHOOL GRADUATES.

Young Ladies and Gentlemen Who Will Receive Diplomas.

The class of May, '97, of the Oakland High School bears the honor of being more ambitious in its class day exercises than any class in the past. Not only was the class ambitious but it also possessed the energy and talent to bring its ambitions to a successful conclusion.

Class day was celebrated last evening when Oliver Goldsmith's comedy, "She Stoops to Conquer," was presented. The play had been revised and given perhaps a touch of modernness by Raymond Russ.

The stage was prettily set for the four acts, the wings being patriotically curtained by American flags. The play was produced under the management of Dion S. Burns and Miss Helen Higby. The cast of characters was as follows:

Sir Charles Marlow....Richard Harvey
Young Marlow.....Roy Yates
Hastings .....Laurence Greene
Hardcastle .....Laurence Westdahl
Tony Lumpkin .....Charles Anderson
Diggory .....Henry Mel, Jr.
Roger .....Alexander Kelly
Dick .....Newell Chamberlain
Thomas .....Winthrop Keep
Mrs. Hardcastle.....Ruth Higby
Miss Hardcastle...Elizabeth Scupham
Miss Neville .....Zena West
Dolly .....Edna Reynolds

The costumes were most elaborate. The young men wore the satin knee breeches, satin laced coats, long silk stockings and buckled shoes of the last century, while the young ladies looked very charming in quaint old-fashioned gowns and powder and patches.

The interpretation of the various roles was intelligent and interesting, the young men being especially clever actors.

Charles Anderson was blustering, rollicking Tony Lumpkins, and entered into the spirit of the play with considerable dash and spirit. Roy Yates was more than clever as young Marlow, whose bashfulness in the presence of the ladies causes his tongue to stammer and his words to be confused while he makes such brave and ardent love to a pretty little servant girl. His confusion and dismay when he first met Miss Hardcastle was capitally played, while his bravery when wooing her disguised as a servant was in excellent contrast. Lawrence Greene as Hastings, was a trifle stilted at first, but his acting improved in the later acts. Lawrence Westdahl, as Hardcastle, looked the part to perfection, his clear-cut, dark face in strong contrast to the white wig and queue made an admirable picture of the aristocratic country gentleman of a century ago. He acted his part excellently, giving a quiet, smooth interpretation. The scene in which young Marlow and Hastings take the old gentleman for an innkeeper was entered into by all three actors in an especially happy manner.

Elizabeth Scupham made a pretty and graceful Kate Hardcastle and disguised as a servant maid, she wooed her tardy lover in a dainty, guileless manner. Zera West was excellent as Miss Neville and played with considerable dash. Ruth Higby gave a careful portrayal of the character of Mrs. Hardcastle, and showed a keen appreciation of the drollness of that lady's disposition. Edna Reynolds made a sweet and dainty Dolly and what little she had to do or say she did admirably.

The young actors and actresses were frequently and warmly applauded and showered with bouquets. The audience was large and thoroughly appreciative. The High School orchestra rendered a number of selections between acts in a creditable manner.

The young ladies who officiated as ushers were Miss Elsie Magerstaedt, Miss Minnie Newman, Miss Grace Meeker, Miss Grace Gregg, Miss Alma Pettis, Miss Fannie French, Miss Florence Champreux, Miss Agnes Petit.

The regular sessions of the Central School continued until noon today. This afternoon, beginning at 1 o'clock, the B Ninth Grades had their contest debate on the subject, "Resolved, That the signs of the times indicate that the Republic of the United States will fail."

While this debate was in progress, the A Ninths listened to an instructive address on Japan by Professor Burckhalter.

Friday morning the A Ninths will have brief "Lincoln Day" exercises. Professor G. J. Lemmon has been selected by the Grand Army people to deliver the principle address. In the afternoon the B Ninths will have similar exercises. The principal speaker will be the Hon. E. M. Gibson. At both these sessions there will be music.

DURRANT'S EFFORT.

Wants to Be Tried for the Murder of Minnie Williams.

HOPES TO PROVE INNOCENCE.

Mrs. Budd Tells What She Thinks of the Murderer's Mother.

GOVERNOR BUDD'S ACTIVITY.

His Decision May Be Reached by Saturday of This Week.

Durrants' attorneys have made their last appeal. It is that Governor Budd grant a respite so that the murderer may be tried for the killing of Minnie Williams.

A petition to this effect was presented to the Governor yesterday.

Governor Budd gave the lawyers an audience continuing over three hours. Instead of going to him, the Governor went to them. The conference began at 2 o'clock in the private office of General John H. Dickinson and was a star-chamber affair, lasting until 5 P. M.

The Governor devoted the morning to an examination of the court exhibits in the Blanche Lamont case. He called at the office of Chief of Police Lees at 9 o'clock and spent three hours looking over the clothing of the dead girl, the chisel, padlock and other articles that were presented to the jury at the trial. This morning he will leave for Sacramento and begin to prepare his decision. Possibly he will not be able to reach it until Saturday. He has still a good deal of the testimony to read. Besides he will again review the transcript filed in the Supreme Court.

No attempt is being made by Durrants' attorneys to take any advantage of the lurid tales told of cranks who as "new witnesses" have recently sprung up.

Speaking of the visit of Mrs. Durrant to her, Mrs. Budd, the Governor's mother said:

"Mrs. Durrant is a refined little woman, entirely different from what I imagined, for you know one will form opinions," said Mrs. Budd. "She controlled herself wonderfully. She did not go into tears once, but acted most bravely. I did all the crying, myself. Mrs. Durrant explained to me when she came that she had not come to make a scene nor to annoy me, but wanted to talk to me as one mother to another. She knew, she said, that I being a mother would listen to her when others would not. She said that the Governor had denied her an audience. She did not blame him for not wasting to see her, because she supposed that he had concluded that she would beg, implore and weep for her son. That, she said, was far from her intention, and she demonstrated it in her conduct yesterday.

"All she desired was to save her son's life—to have the death sentence commuted to life imprisonment, or any expedient whatever that might give him a lease of life."

TONIGHT'S CONCERT.

Denis O'Sullivan Appears With the Congregational Orchestra.

Great interest centers around the concert to be given tonight by the Congregational Orchestra, this being the last for the season. The members have been working industriously to make this a great success, and in this they surely will not disappoint their friends. The orchestra is larger now than ever before, and under the able leadership of Mr. McCoy have been making great strides. The numbers to be played are light and taking and are bound to please all who are fortunate enough to attend. Denis O'Sullivan, the vocal soloist of this concert, is greatly interested in this concert, as it will be his only opportunity of entertaining his many friends on this side of the bay. He has substituted a fine old Irish air called "The Ould Plaid Shawl" for "Little Mary Cassidy," as he likes it better and thinks it is more pleasing.

Charles E. Parcells, the well known violinist and concert master of the orchestra, will render a beautiful selection on his chosen and beloved instrument.

Tickets of admission are now selling at the music stores, while a few reserved seats are to be had at M. S. Smith & Sons.

The following is the programme:

Overture, "Pique Dame".....Von Suppe
Vocal solo—
(a) "La Partenza".....Beethoven
(b) "Fischio, Fischio" from Mefistofele.....Bolto
Denis O'Sullivan.
"Symphony VI," G major.....Haydn
Selections from "Les Huguenots".....

FOREIGN TALENT.

A Michigander Aspires to Fight Oakland's Fires.

Mayor Thomas has received the following application from far-off Michigan:

"Menominee, Mich., May 22—Dear Sir: I notice by one of our fire journals that there is some talk of a change in the chief of the fire department of your city. If so and you contemplate appointing a man out of your city for the position, I desire to apply for the place. I have had abundant experience and can furnish the best of references as to my abilities as to the management of the department and as a fireman I have a position here at a fairly good salary, but am looking for something better. Hoping to hear from you, I remain respectfully,

"J. H. KRATZ,
"Chief Minominee Fire Department."

Mayor Thomas says he is contemplating sending the following telegram in reply:

"Come on at once; we need you."

But his Honor smiled as he made the remark.

CLEAN THE WALKS.

How Employment Could Be Given to Many Idle Men.

Officer Moore commenced this morning to notify property owners that the work of cleaning sidewalks must be commenced immediately or arrests will be made. Chief Lloyd says that influence and riches will protect no one, if the law is not complied with. Some time ago the Chief gave out through the press that he would prosecute violators of the ordinance, and showed that a great many of the unemployed could be given work at small expense to the property owners. Now that the city is cleaning all the gutters the Chief thinks it is all the greater reason that the walks should be cleaned. In many instances the work is being done, but there are some stubborn cases that the police do not propose to fool with longer.

PASSES AWAY.

Death removed a well known pressman yesterday, when Edmond J. Foley, assistant foreman of the Examiner press room, passed away, after a brief siege of pneumonia.

He was a very capable mechanic, and his trustworthiness won the confidence of his employers everywhere.

The deceased, who was 33 years old, leaves a 5 year old child. He was a member of San Francisco parlor, No. 49, N. S. G. W.

The funeral will be held tomorrow from the home of his mother in San Francisco.

Fought and Made Up.

Fred Struckman and his wife, Annie, had a family quarrel at their home, Third and Grove streets late last night. Being unable to settle their differences Officer Mackey was called and arrested both, each preferring a charge against the other. Reconciliation came with daylight, however, and both refused to swear to complaints. The cases were therefore stricken from the calendar.

TO THE PUBLIC.

Many people are inclined to be prejudiced against the Chinese mode of ministering to the ills to which human flesh is heir. Knowing that this feeling exists, in most cases, through ignorance of the methods and remedies employed, I beg to introduce to your notice my manner of treatment and cure. Our system of medicine is based entirely upon the use of herbs, and my formulas embrace over 2,000 kinds of these natural restoratives, imported direct by me. All these remedies have been in use throughout the Chinese empire for the last several thousand years, and have conclusively proven their unsurpassed excellence as factors in the art of healing. In my diagnosis I locate and describe all diseases entirely by feel of the pulse, not deeming it necessary to question the patient as regards any particular manifestation or symptom. Among the many disorders which I CURE—not attempt to cure—I may mention RHEUMATISM, PILES, PARALYSIS, DYSPEPSIA, CONSUMPTION, ASTHMA, BRIGHT'S AND ALL KIDNEY DISEASES, BLINDNESS, INSANITY, HEART DISEASE, DISEASES OF THE THROAT, CANCER, TUMORS, SKIN AND BLOOD DISEASES. I desire also to call attention to the fact that, owing to lack of confidence in Chinese physicians, many persons do not ask my services until all other practitioners fail. Fully 90 per cent of my extensive practice, during the past twenty years, has been composed of persons who had been given up to die by friends and by other physicians. I make a specialty of Gunshot Wounds and Fractures and Bonesetting, and no doubt many people will laugh at the assertion, yet I say that I can bring a bullet to the surface, without probing, from the most severe gunshot wound. CURE GUARANTEED. All I ask is a fair trial, feeling sure that I can convince you that I can cure any ailment. Very truly yours,

BOYCE WAS CORNERED.

Had No Time to Tell Robbers That He Was an Officer.

Chief Lloyd Says There Is No Great Increase of Crime.

The many reported hold-ups and burglaries and the many that are not made public has caused the idea to become prevalent that an organized gang of miscreants has made this city its headquarters. This idea is scouted by Chief Lloyd.

"While it is true that there have been a few violations of law reported lately," said the Chief this morning, "there is nothing of any significance attached to that fact. Officer Boyce's experience sounds like a remarkable one but it is not so peculiar after all. He was come upon suddenly by two men who jumped out from behind a large advertising sign. One of them had a big gun and the other a little one and they pointed one at each side of him and told him to hand out his pistol.

"This he did and the men ran off. It is my opinion that all they wanted was Boyce's big 32-calibre gun and they got it.

"There are no more robberies now than usual but there have been several reports circulated of things that do not occur. It is a very common thing for a man to report that he was held up when he finds it convenient to account for a lack of money that should be in his possession, but an investigation quite often reveals the truth."

The detective force is at work night and day on several clues and some important arrests will likely be made shortly.

CONTRA COSTA HELPS.

Will Not Permit Diseased Cows to Cross the Border.

City Veterinarian Pierce has entered into a partnership with the Health officer of Contra Costa county for the purpose of arresting dairymen who have diseased cows. The authorities of the northern county will pass an ordinance forbidding the bringing of cows into that county without an examination by Dr. Pierce. The ordinance will be passed at the next meeting of the supervisors.

GIER WANTS TO RETIRE.

His Resignation Tendered as One of the Finance Committee.

Efforts Being Made to Have the Document Taken Back.

Theodore Gier has tendered his resignation as a member of the Finance Committee of the July celebration for Oakland Day of the Christian Endeavorers. The resignation was caused by the criticism made by C. F. Baker, a member of a San Francisco Christian Endeavor Union relative to Mr. Gier serving in this capacity. The more liberal minded of the Union were in favor of having Mr. Gier on the Committee, as his services were considered valuable, not only as a business man and a clever financier, but also as an affable gentleman.

A strong effort is being made to have Gier reconsider his decision. President Waters of the Oakland City Union of the Christian Endeavor, is very much incensed over the criticism and is very anxious that Gier serve on the Committee.

Mr. Gier's resignation which was filed last evening, read as follows:

"Mr. Webb N. Pearce, Secretary of Fourth of July Celebration and Oakland Endeavor Day.

"Dear Sir:—I herewith respectfully hand you my resignation as chairman and member of your Finance Committee. I am heartily in favor of making both celebrations a grand success. As my connection with the Committee has become a matter of public discussion which might tend to create an unpleasant feeling and perhaps injure the success of either or both celebrations, I ask you to accept this, my resignation.

"I have been highly honored by your Joint Committee and shall consider it my pleasure to quietly assist in the interest of success.

"Yours very respectfully,
THEODORE GIER.

PULLMAN'S UTOPIA.

The Car-Builder Receives Medals for Founding a Town.

By Associated Press to The Tribune.

CHICAGO, May 27.—George M. Pullman has received from Archduke Rainer two magnificent medals and a richly wrought diploma as testimonials of honor and merit in founding and building the most perfect town in the world.

This distinction came as the result of an exhibit in the International Hygienic and Pharmaceutical Exposition in Prague.

The Archduke was the protector of the exhibition. Pullman won against the settlements created at Krupp, the gun manufacturer, Stumm, the great maker of steel, and Baron von Ringhofer. The verdict of the jury was unanimous, finding that Pullman was without a peer in the matter of comfortable homes for workingmen, streets, sewers, water system, shops, public halls, churches, grounds and the rules and regulations governing them. The verdict included the Pullman sleeping car.

PROHIBITION REPEALED.

By Associated Press to The Tribune.

PIERRE, S. D., May 27.—Presiding Justice Corson of the Supreme Court has handed down an opinion fully sustaining the legality of the amendment repealing prohibition in this State. The matter is given even greater importance from the fact that all points involved in the case affects equally every amendment to the constitution which has been submitted by the Legislature since they had the same defects in manner of submission as did this amendment, and all of them are settled by this decision.

Gold Democrats.

By Associated Press to The Tribune.

DES MOINES, Iowa, May 27.—The Gold Standard Democratic State Committee held a conference here yesterday. All parts of the State were represented. Chairman W. C. Mullin of Cedar Rapids presided. It was decided to hold a convention in Des Moines July 7th, two weeks after the Bryan Democratic convention. The sense of the conference was that the National Democrats cannot support any endorsement of the Chicago platform.

FOUND AT LAST! WHAT?

That H. C. Lyon, the Furniture King at 1263 Broadway opposite the Postoffice is cutting old prices all to pieces in furniture, carpets and ranges, new

An utter collapse. The man who has always been a model of business method and dignity—who would as soon think of putting his feet on the piano at home as on the desk at his office—finally goes to pieces all at once. Bankruptcy—with it has come an utter loss of ambition, dignity, and health. Ill-health is at the bottom of it all. Bankruptcy stares in the face every business man who neglects his health. A man cannot work on forever if he is suffering from brain fag, nervous exhaustion, and debility. All these can come to the man who neglects to keep his digestion perfect, his bowels regular and his blood pure.

Business men everywhere have come to recognize Dr. Pierce's Golden Medical Discovery as an invaluable remedy. It makes the digestion perfect, invigorates the liver, restores the appetite, regulates the bowels, purifies and builds up the blood, makes the flesh and muscles firm, and tones up the nerves. It is a business man's medicine.

Thos. J. Torbert, Sr., of Old Springhill, Marengo Co., Ala., writes: "I want to tell you the good the 'Golden Medical Discovery' has done me. I had erysipelas and eczema. Had suffered for eight years. I tried all remedies and several doctors, but could get no relief. I bought a bottle of your 'Golden Medical Discovery' and tried it. I used four bottles and a half. It completely cured me. I have had no symptoms of it return. It has been three years since my cure."

Dr. Pierce's Common Sense Medical Adviser has had a larger sale than any other book of this class ever offered the public. This book of 1,008 pages with 300 illustrations, is full, from cover to cover, of practical advice on health matters. This great book, in heavy manilla covers, is now offered FREE to whoever will send 21 one-cent stamps to pay for mailing *only*. Is the only Port in the world made by the new Pasteur process, originated by St. Hubert and the celebrated "Pasteur" after many years of study and experiment in France. This is the only Port suited to a weak stomach and weakly people. It does not constipate, as ordinary Port does.

It is a natural restorative of wonderful power.

Its action is prompt and continuous. It stimulates the appetite and digestion. It promotes assimilation and a healthy circulation, *and it enters directly into the production of the red blood corpuscles.*

The most sensitive stomach will accept it. It is in fact a permanent cure for a weak stomach and poor digestion, all conditions of debility, lack of strength and tone. Ask for St. Hubert and take no other. The best physicians prescribe it. Principal druggists and dealers sell it. San Francisco office, room 12, Flood B'ld'g.

LEGAL.

ORDINANCE NO.—An Ordinance regulating the laying and the digging up or disturbance of streets and public places for the purpose of laying pipes and conduits and the re-filling of excavations and the repair of street surfaces.

Be it ordained by the Council of the city of Oakland as follows:

SECTION I.

It shall be unlawful to pave or macadamize any public street or place prior to the construction of a main sewer therein; also all necessary side sewer branches which shall be built to the curb line. Said sewer shall be built in accordance with official plans and specifications, and under the supervision required by law, and a diagram showing the exact location of all side branches shall be kept on file in the office of the Superintendent of Streets.

SECTION II.

Upon the passage by the City Council of a Resolution of Intention to improve any public street or place by macadamizing or re-macadamizing the same or by constructing thereon a pavement of any description, it shall immediately become the duty of the Street Superintendent to notify all persons, firms or corporations, known to be exercising the right and practice of laying pipes or conduits of any description in the public streets or places, to lay all main pipes or conduits, also all lateral or service connections needed for present or future use, to the inner curb line of the street, and to repair all existing pipes in any public street or place to be so improved, within twenty (20) days from date of notice; and it shall also be the duty of the Superintendent of Streets to notify all the owners of property upon the line of the street or place to be improved to make all sewer connections needed for present or future use to the inner curb line in front of their property, within thirty (30) days from date of notice.

SECTION III.

After a Resolution of Intention has been passed by the City Council to pave, repave, macadamize or re-macadamize any public street or place, all persons, firms and corporations and property owners shall, upon notice from the Superintendent of Streets, lay all main and lateral pipes or conduits needed for present or future use, within the time specified in said notice.

SECTION IV.

After the expiration of the time stated in the notice served by the Street Superintendent, to any person, firm or corporation to lay sewer, gas and water pipes, telephone or electric wire conduits, no permits shall be granted by the Secretary of the Board of Public Works to any of said parties to lay pipes or conduits of any description, between the curb lines of any of the public streets or places which are paved, re-paved, macadamized or re-macadamized subsequent to the passage and approval of this Ordinance, unless said parties shall first deposit with the Secretary of the Board of Public Works the sum of twenty-five cents (25c) per square foot of street surface to be disturbed, which money shall be paid by said Secretary, immediately after its receipt by him, into the City Treasury, and there held as a special fund to be used for the repair of streets disturbed under the provisions of this Ordinance, and all warrants drawn by the City Auditor upon the City Treasury for such work for repairs of streets shall be drawn upon the said fund which is hereby designated as "Street Repair Fund."

A diagram showing the location and extent of the proposed excavation shall be filed with the Secretary of the Board of Public Works, by any person applying for a permit to disturb any street or place within the provisions of this section (4) of this Ordinance.

SECTION V.

All excavations in streets now or hereafter improved with bituminous rock, asphalt, wood blocks or vitrified brick laid on concrete foundation, shall be re-filled with special care with a view to prevent settlement of the back filling, and the excavation shall be covered with a layer of Portland cement concrete at least six inches thick, which shall have a bearing of at least twelve (12) inches on undisturbed ground on each side of the trench. The concrete shall consist of one part good Portland cement, three parts clean, sharp sand and five parts of two inch broken stone, watered, mixed and tamped to the satisfaction of the Street Superintendent or his inspector, and maintained free from disturbance for at least five days, before being covered with the wearing surface of the pavement, which in all cases shall be of the same kind of material, but of best quality and equal in quantity, and laid on the same elevation throughout, as the original pavement existed before disturbed. If required by the Street Superintendent, the wearing surface of the pavement in such case shall be composed of entirely new materials, which shall be laid in accordance with the official specifications for such pavement.

SECTION VI.

All persons, firms or corporations who may make excavations in any public street or place under the provisions of this Ordinance, shall in the case of opening a street having a concrete foundation notify the Superintendent of Streets in writing, at least twenty-four hours before the day in which said persons, firms or corporations are to re-fill said street, whereupon, at the time stated in said notice, the Superintendent of Streets shall provide an inspector to superintend the execution of the work, whose compensation shall not exceed $3.00 per day, which compensation shall be paid in full by the person, firm or corporation doing said work. The said parties so re-filling said excavation shall at the time of the notice to the Street Superintendent deposit with him the sum of $50.00, or such other less sum as the Street Superintendent may require, and upon the satisfactory completion of the work, the said Street Superintendent shall remit to said person, firm or corporation the said sum of money so deposited, less the amount chargeable for the services of said inspector, at the rate of $3.00 per day; and the said Superintendent shall certify the completion of the work to the Secretary of the Board of Public Works.

SECTION VII.

Nothing herein shall be construed as preventing the laying of gas or water pipes between the curb line and property line of any street, provided said pipe shall not exceed 2" internal in diameter, and provided further, that the consent of the property owners, in front of whose premises said pipe is to be laid, shall be first obtained.

SECTION VII.

All Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

SECTION IX.

Every person violating any requirement of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding $200.00, and in case said fine be not paid, then by imprisonment at the rate of one day for every $2.00 of the fine so imposed.

SECTION X.

This Ordinance shall take effect immediately upon its passage and approval.

PROPOSALS for lighting of streets and public buildings in the city of Oakland for the year ending June 30th, 1898.

Office of the City Clerk of the city of Oakland, May 22nd, 1897.

In accordance with Resolution No. 23,965, adopted May 17, 1897, sealed proposals will be received on or before 8 P. M. of the 7th day of June, 1897, at the City Clerk's office in the City Hall, and shall be endorsed "Proposals for Lighting the Public Streets and Public Buildings of the City of Oakland."

Said proposals must provide for the lighting of public streets by electricity alone, and the public buildings by a combination of gas and electricity.

First. Proposals for lighting the public streets by electricity alone shall be in accordance with the following specifications: The poles, wires, conducters, lamps and each and every appliance which may be necessary for electric lighting to be furnished and erected by the successful bidder. The wires and conductors to be thoroughly insulated and placed in such locations and in such manner as will prevent them from being tampered with or handled by any unauthorized person or persons, it being distinctly understood that the city shall not be responsible, but must be held blameless against any claim for damages for any injury or accident which may be occasioned by the wires or conductors and against any claim for damages by reason of any infringement of any patents or rights in the use of lamps, machinery or appliances connected with said electric lights.

The said lights to number not less than 462 and not more than 512 of 2,000 candle power, each commercially rated, and to be on masts or cranes of the height of those now in use and at the places where the same are now located, with the distinct understanding that the Council reserves the right to designate and change the location of each and every light and to change the height or character of the mast to be used at any particular location upon payment of the actual cost of labor in making such removals or changes.

Second. Said proposals to contain bids upon a moonlight schedule of lighting and upon an all night schedule as now in force under present contract for lighting the public streets, and upon per hour schedule as follows: Said lamps to be lighted upon the moon schedule during the months of April, May, June, July, August and September, and upon an all night schedule as now in force under contract for lighting the streets, during the months of October, November, December, January, February and March. For the sake of clearness in bidding, the moonlight schedule is understood to be the lighting of all lamps one hour after sunset and one hour before moonset, and the extinguishing of the lamps one hour before sunrise and one hour after moonrise, no lamps to be lighted on the night of, the night after and the night before full moon.

Third. Bidders are to specify separately the price per hour for which they will furnish and light the lamps in accordance with the all night schedule and the per hour schedule as hereinbefore set forth; also to specify the price per night for each lamp when lighted according to the moonlight schedule; also to specify the price per month for each electric arc lamp of 2,000 candle power and the rate per thousand watts by meter measurement for incandescent lamps when furnished to public buildings. The Council reserves the right during the time of the contract to be entered into to order all of the street lamps to be lighted upon dark or cloudy nights through a proper officer to be hereafter designated, and to pay therefor the price per hour for each lamp so lighted, that may be designated by the bidders herein as the price at which the lamps will be lighted according to the all night or hour schedule.

Each bid shall be accompanied by a check, payable to the order of the Mayor and certified by responsible bank for the sum of $5,000.00. Any check accompanying any unaccepted bid shall be returned to the party furnishing the same when his bid is rejected; any check accompanying an accepted bid shall be retained by the City Clerk till the successful bidder shall have entered into a contract as herein provided, and then be returned to said bidder; but if such bidder shall refuse to enter into such contract and file a bond in the sum of $25,000 within five days after being awarded the contract, his check or bond shall be declared forfeited to the city of Oakland

DEGREE OF HONOR ACTIVITY.

Interesting Features in the Several Pythian Lodges.

There has not been a great deal of activity in fraternal matters during the past week, owing in the main, to the weather. Many members of lodges have already entered upon their vacations and others are making arrangements for the annual visit to the mountains. As a consequence, lodge news suffers, and some weeks must elapse before it will regain its wonted volume. Among the happenings which have come to notice are those recorded below.

Native Daughters.

The Committee on Transportation for the Grand Parlor of the Native Daughters, which will be held in Sonora next month, has issued a circular to all of the subordinate parlors giving their delegates the necessary information in regard to the timetables and the proposed trip to the Yosemite Valley after the adjournment of the Grand Parlor

MONEY OF THE WORLD.

How Finances Are Affected in Various Parts of the Globe.

A Studious Consideration of the Crops in Many Sections.

NEW YORK, May 15, 1897—Wall street still remains sluggish, though with no abatement of the general steadiness of values One of the conspicuous features of the stock market is its ready response to favorable influences, and its comparative insensibility to such as are unfavorable The predominant underlying conviction appears to be that the prevailing devel of prices is not a safe one but below the real intrinsic merits of securities, considering existing conditions and the prospect fairly deducible from the general situation of affairs. But as this view counts more upon things anticipated than upon existing conditions favorable occurrences do not lead to any really active and sustained upward movement. In brief, it is largely an expectant market, and in that sense not yet sufficiently developed to induce active operations

This hopeful tone has been confirmed by a steady and really important improvement in the condition of the cereal crops during the last week or ten days The Government weekly crop report states that crop conditions in the upper Mississippi and Missouri valleys, for the week ending May 10th, have been the best of the season and really excellent for farming operations and the growth of crops Under the favorable weather conditions prevailing in the principal corn States corn planting has been pushed rapidly during the week

PLANTING IN PROGRESS

Planting is now in progress as far north as southern New England Michigan and South Dakota and will begin this week in Minnesota In the Middle Atlantic States and to the southward of the Ohio and Missouri rivers planting is generally nearly complete Winter wheat continues promising in the Middle Atlantic States and in Kentucky and Tennessee reports from the two last named States being exceptionally favorable Further improvement is also indicated from Ohio and Indiana, and the crop is reported as doing well in Illinios Missouri and portions of Kansas. In Oregon and Washington the outlook is very promising Spring wheat seeding is practically completed Minnesota and North Dakota having about finished during the week Over the central and southern portions of the spring wheat region the early sown has a good start and is growing well Private reports of later date from some of the Western centers, are still more sanguine These accounts suggest the possibility of a better spring wheat harvest than has been hitherto expected though they do not suffice to offset the probabilities of a short general crop, owing to irremediable injury to the winter wheat All the information from foreign markets points to the probability of a short world's crop of wheat European buyers are showing a disposition to discount that prospect by making contracts in our markets, but their bids have thus far been too low to admit of transactions The probability however seems to be that upon such surplus of cereals as we may have for export from the next harvest we shall realize relatively high prices

THE LONDON SITUATION

London movements have favored this market during the week That center has still taken a hopeful view of the outcome of the Greco-Turkish war, and the reduction of the Bank of England rate of discount to two per cent is construed as implying a settled conviction in the highest financial circles that upon one basis or another a peace between the belligerents is sure to be reached The London situation has thus favored speculative operations, and New York sales of stocks to that market have reached about 30 000 shares for the week These transactions have supplied from $1 250,000 to $1 500 000 of exchange which it is to be presumed has so far limited the amount of gold which otherwise would have been exported

SHIPMENT OF GOLD

At the hour of writing, the gold shipments of the week are expected to aggregate about $3 000,000 At the current rates of exchange, gold can be shipped to the continent at a moderate profit and as the supply of produce bills is not large there is no visible prospect of an immediate cessation of the outflow In estimating the importance of this movement, however, it is to be kept in mind that the current remittances are due chiefly, if not entirely to quick payments for the extraordinary importations being made in anticipation of an advance in tariff duties, the effect of which will be to correspondingly diminish remittances which, in the ordinary course, would have occurred some months later

Another significant transaction has been consummated indicating the tendency towards a permanent reduction in the rate of interest upon investments The Illinois Central Railroad Company has negotiated an issue of $30 000,000 of 3½ per cent first mortgage bonds to take up issues of the former Chesapeake & Ohio Southwestern and the St Louis & Terra Haute Railroads now incorporated in the Illinois Central system the superseded bonds having borne interest ranging principally from 5 to 8 per cent. This, added to the many times larger conversions recently arranged for by other railroads, shows the willingness of capital to invest in large amounts at 3@3½ per cent At the same time, it leaves no doubt of the possibility of other roads in good credit largely reducing their mortgage charges, with consequent advantage to the stock-holding interest. The effect is to place dividend-paying shares in a much better position as to value, especially in the case of companies which have effected these reductions of interest, for a decline in the rate of interest means a relative rise in the market value principal. One of the first effects of these conversions has been to turn the attention of investors to municipal securities, which appear to be esteemed as next in security and desirableness to the railroad mortgage A large amount of that class of issues is forthcoming, but there is a limit to the supply, and when that is reached, railroad shares will have their turn.

EUROPEAN AFFAIRS

The new phase of affairs in Eastern Europe is encouraging to the hope of an early removal of that source of disturbance from foreign politics It is not impossible that the settlement between Turkey and Greece may temporarily hang fire For while Greece is ready enough to accept almost any terms that will save her army from annihilation, Turkey may be expected to seize all the advantages she can procure from her victory, and hence may arise some anxious haggling between her and the Powers With impatience of restraint among the Turkish army, on the one side and a danger of revolution among the Greeks on the other side, this sort of suspense cannot be long endured, and the result is likely to be that the Powers will feel themselves constrained to grant concessions to Turkey from which the world's public opinion will loudly dissent If Turkey is willing to suspend actual operations so as to allow an opportunity for pacific negotiations, the occurrence of the Feast of Bairam, which lasts from the 13th to the 16th of May will come in very opportunely In any event, the settlement is only a question of terms; and with one side submissive and the other under a strong repression from the Powers it seems in the last degree improbable that there should be a failure to reach an early peace The only disturbing factor in sight is the revival of the Cuban question now under discussion in the United States Senate This is calculated to cause some selling of long stocks and a lower range of prices in consequence

The Stock Market.

By Associated Press to The Tribune.

NEW YORK, May 27—Slightly higher prices were apparent at the outset in trading stocks, more noteworthy gains being shown in international shares in sympathy with London. Large blocks of leading shares changed hands.

A determined attack was made on the market by the bears at the expiration of the first hour. Sugar and Western Union were offered freely Recessions generalist were quite uniform

Rubber shares came in for heavy selling after 11 o'clock, induced by the action of President Evans declining reelection Support was quickly forthcoming and the common rallied 5-8, preferred 1¼ The bears then succeeded in forcing down the Gould stocks

Burglars Frightened.

Burglars attempted to enter the home of W A. Jones at Eleventh and Jackson streets last night, but were scared away by the barking of a poodle dog. Only two little girls were at home at the time of the attempt, but when Mrs Jones returned home an investigation showed that the would-be thieves had gone so far as to open a back window.

PRODUCTS OF ALAMEDA.

The County to Be Advertised at the Coming Display.

Exposition Directors Decide on a Number of Fine Features.

The Exposition Directors met last night and considered many matters relating to the coming show The Executive Committee's report was presented, advising that the space under the north gallery be devoted to booths of all nationalities, filled up by their representatives

It was recommended that newspaper row be maintained practically the same as last time and that no concessions for space in the main auditorium be granted except for refreshments The report was adopted unanimously.

At the suggestion of Theo Gier steps were taken to interest the farmers and horticulturists of the county in the Exposition Mr Gier suggested that all producers be requested to inform the Directors what they can furnish in this regard in July. It is the intention to pay market prices for the exhibits and keep a continual stock of fresh supplies on hand.

The secretary will direct inquiries to the farmers on the subject and upon the receipt of replies the Board will determine what will be acceptable in this line for exhibits It is the intention to accept only the choicest products in small quantities.

A communication was read from R D Yelland, suggesting that premiums be offered for the best paintings and sketches As the Directors want to encourage this branch of exhibits, it is probable that $100 will be set aside for rewards

The question of constructing an additional annex created considerable discussion It was reported by the committee in charge that fifteen contractors were ready to submit bids. These will be opened at once and the lowest bidder will receive the contract. The work must be done before June 15th

The committee in charge of concessions reported having sold space exclusive of that regularly listed and receiving $115 for it

George Roeth urged the need of increased room He said many manufacturing establishments have applied but it was a question whether they could be accommodated. Several others spoke on the subject, before it was finally decided the way out of the difficulty would be to locate all concessions, before alloting space to exhibitors

A communication from Mrs Lydia Prescott, asking a contribution for the Society for the Prevention of Cruelty to Children was referred to the Executive Committee

It was definitely decided to invite the owners of all factories in the county to exhibit special reference being made to the California Cotton Mills the Borax Refinery and Alvaroda Beet Sugar Factory

After the transaction of a little routine business the meeting adjourned until next week

CATTLE STEALING.

Silva's Trial for the Offense Will Take Place Later.

The trial of Adolph Silva, the cowboy of the Livermore hills, who led a roving band of cattle thieves through many a daring and felonious crusade, was called this morning before Judge Ogden, but as the Petitfils murder case is now occupying attention, it had to be continued

The gang which Silva led made a practice of rounding up herds of cattle in the lower part of this and in Contra Costa county The animals were stolen from farmers and herded to the San Francisco stock yards, where they were sold Silva plied his bandit vocation for some time before he was captured

The District Attorney has a strong case against him and it is expected the man will repent his deeds in San Quentin.

Wife murderer Ben Hill will have a week's added grace before he is called upon to listen to a resentencing for his crime. It was expected that the court would set a date for his execution this morning, but the matter was continued until next Wednesday

In the meantime Hill takes matters philosophically His conduct at the county jail is just the same as though his days were not numbered He holds his bible classes regularly every morning and leads the other prisoners in singing the hymns.
